## Third time in three years

### OMB to hear levy complaints

An Ontario Municipal Board hearing will convene in Minden March 20th to review complaints from the Township of Stanhope and the municipality of Anson, Hindon and Minden about 1977 school board levies. It will be the third time in as many years that complaints from

Stanhope and Anson, Hindon and Minden have gone before an OMB hearing.

Doug Hodgson, director of education for the Haliburton County School Board, said any municipality has the right to appeal its school board levy if it feels the levy is too high.

Appeals are made on the basis of an argument that assessments on which the levies are based are higher than they ought to be.

A municipality has 30 days to file an objection once the year's school board levies are sent out. Complaints are taken to a board of arbitration

made up of the county clerk and the clerks of all the county municipalities. The board has the power to change the levy to a municipality provided all members of the board agree that a change is justified.

The board met in June last year to review the complaints from Stanhope and Anson, Hindon and Minden, but could not reach a consensus. The municipalities chose to carry their appeal to the Ontario Municipal Board, Hodgson said.

Two years ago, the OMB allocated money to the two municipalities, but did not change the mill rates. Last year the OMB decided to make no award or assessment change following a hearing into the levy complaints.

### Social council elects officers

The Haliburton County Social Planning Council recently elected a new slate of officers for 1978.

David Woodall has been elected as the new president and Jennifer Woods as secretary-treasurer.

The Steering Committee is headed by David Woodall and Elsie Bursey as vice-chairperson.

Also on the Steering Committee are Captain Doug Burry, Helen Johnson, Catherine Kellitt, Blanche Turner and Jennifer Woods.

Next meeting for the council is slated for February 23, at 10 a.m. and will be held at the Haliburton Legion Hall, with Wayne Wood, clerk for the Municipality of Dysart et al, as guest speaker.

### Three charged in area thefts

Two Haliburton men will appear in court March 14 facing charges of theft over \$200. Charged are Jack Pripp, 17, of RR 2, Haliburton and Blain Sawyer, 18, of RR 1, Haliburton.

Minden OPP report that the motor, gas tank and some tools were taken from a snowmobile owned by Karl Upton in the early hours of last Friday. The incident occurred on Highway 530 near Airport Road.

The stolen property was recovered.

In a separate incident, an Agincourt man has been charged with the theft of wood from three cottages on Beech Lake. Herbert A. Kramer, 23, will face three charges of theft under \$200 as a result of the incident.

Minden OPP report the thefts occurred January 28 and February 11. Police say a snowmobile trail led from the three cottages to another at which Kramer was subsequently charged. Regular wood and some slabs of maple were recovered.

Kramer will appear in court March 14.

## Chamber to stay in COTA after manager resigns

The possibility that the Haliburton Highlands Chamber of Commerce will continue as a member of the Central Ontario Travel Association, (C.O.T.A.) loomed likely this week in the wake of a major C.O.T.A. shakeup.

C.O.T.A.'s Board of Directors last week unanimously asked for and received the resignation of George Coling, C.O.T.A. general manager for the past two years.

The motion calling for Mr. Coling's resignation stated Mr. Coling had lost the confidence of the C.O.T.A. board and cited his administration of the organization beyond the bounds of the constitution; for example the implementation of an unauthorized 1978-79 budget.

The Haliburton Chamber of Commerce voted to withdraw from C.O.T.A. in mid January, following a meeting with Coling and C.O.T.A. president Bob Kennedy. Highest on the list of the chambers reasons for withdrawing from C.O.T.A. was the increase in C.O.T.A. membership fees from \$2,750 in 1977 to \$4,000 this year.

At a special meeting in Peterborough last week, C.O.T.A. member representatives, drawn from local tourist councils, it was decided that C.O.T.A. should continue to operate.

C.O.T.A. directors will meet this week to bring their

proposed budget into line with the financial capabilities of the C.O.T.A. membership and to revamp C.O.T.A.'s management structure.

"With every indication that the stipulations in its original motion of resignation from C.O.T.A. will likely be

satisfied it would appear that the Haliburton Highlands Chamber will remain a member of C.O.T.A. during 1978-79. Chamber of Commerce manager, Bob Stinson said in a press release.

Late last week Haliburton Highlands Chamber Presi-

dent Dennis Casey explained that the December motion to drop out of C.O.T.A. had been made "most reluctantly" but that "in the light of these recent developments, I feel we now have a real commitment to continue our support of C.O.T.A."

### Includes curbs and gutters

## Dysart approves paving project

After nearly three years of enquiries and discussions with the Ministry of Transportation and Communications, Dysart et al council approved in principal Monday an extensive repaving project that will see the resurfacing of part of Highways #519 and #121 and the con-

struction of curbs and gutters along the resurfaced road.

The area to be repaved along #519 extends from south of the Red Cross hospital to the Dysart Municipal garage and from Wallings Bridge to Dover Spring Road on highway #121.

Preliminary drawings for

the project have been completed by Greer Galloway and Associates.

The cost of the project for all but a small section of roadway in the village will be borne entirely by the MTC. Under an existing connecting link agreement with the province, ten percent of the

cost of paving #121 from Cedar Street to the traffic lights and on to Station Street must be paid by the Municipality. It is estimated the ten percent municipal share will represent about 1 percent of the total cost of the project.

A public meeting will be held.

Cont'd. page 3

## School board approves 7 1/2 percent budget increase

The Haliburton County School Board has approved a 1978 budget that is 7 1/2 percent higher than last year's budget. But local tax payers should be prepared for a rise in the education portion of their tax bills that may be substantially more than 7 1/2 percent, according to Doug Hodgson, the Board's director of Education.

Trustees last week approved a projected 1978 budget of \$4,613,777, an increase of more than \$323,000 over the \$4,290,024 1977 budget.

The levy on area tax payers, however, could rise substantially more than 7 1/2 percent, Hodgson said, because of a shortfall in provincial grants. Provincial education Minister Thomas Wells announced last week that grants to school boards would rise only 4.79 percent this year.

It isn't yet known how much school taxes will increase as a result of the 7 1/2 percent budget increase, because levies to area municipalities have not yet been finalized, Hodgson said. The levies are expected to be in

the hands of area clerk-treasurers by March 1.

Through the board approved the proposed budget at its last meeting, some changes could still be made before the budget is finalized, Hodgson said. The board's elementary and secondary school teachers have given notice that they wish to begin salary negotiations for the 1978-79 school year, and teachers' salary demands could influ-

ence the final budget figures, Hodgson said. "It's all predicted on a lot of ifs."

The director said the size of the increase has been kept as low as possible. "We think it's a good budget," he said. "The trustees did a lot of cutting to keep the increase down to that rate (7 1/2 percent)."

Details of the 1978 budget will be revealed at the board's meeting later this month.

## Damage is \$2,500 in truck crashes

Damages totalling \$2,500 resulted from two single vehicle accidents involving pickup trucks, last Friday night.

Minden OPP report a 1973 pickup truck driven by Glen S. Covert, 19, of Highland Grove, was eastbound on Highway 648 when it went out of control and struck a snowbank on the north side of the road.

Covert was not injured. Damage was estimated at \$1000.

In the second incident, a 1976 pickup truck, driven by Lawrence West, 22, of RR 1 Bradford, dropped off the edge of Haliburton County road #4 and rolled over, OPP report. Bradford had minimal injuries. Damage to the vehicle was estimated at \$1,500.

### Four chosen for Dysart planning board

Four Dysart ratepayers were appointed to the Municipality's planning board Monday at the regular meeting of Dysart et al council.

Appointed for a three year term was Lloyd Coneybear, Earl Sisson was appointed for a two year term, along with Donald Popple. Merrill Barry was appointed for a one year term on the board.

Barry replaces Frank Andison a long time member of the planning board, who has been appointed chairman of the committee of adjustment.

Rounding out the six man planning board are councillors Roy Brohm and Gary McKnight.

### Province will retain control

## Dysart won't run plant

The responsibility for operating the sewage treatment plant in Haliburton will continue to rest with the Ministry of the Environment, but a full time person will be hired to staff the plant along with the present part-time employee. The decision was made following talks between the Ministry and Dysart et al council in Haliburton Monday.

Council considered assuming responsibility for the operation of the plant and incorporating the costs of doing so into sewer user charges, but rejected the idea Monday. Reeve Murray Fearrey said, administrative costs for the Municipality would have been greater than any possible savings coming out of a municipal takeover of the plant's operation.

To move to hire a full time person is the result of the heavier load that will be put on the plant once the second phase of sewer construction is completed. Local ratepayers will bear the increased cost of operating the plant through higher gallage rate billing from the Ministry, Fearrey said.

The Ministry will hire the full time employee, Fearrey said, and it is expected the individual hired will reside in

Haliburton, since the Ministry requires that employees live close to the plant in case of emergencies.

## OISE honours Haliburton educators

Two former Haliburton educators were made Fellows of the Ontario Institute for Studies in Education (OISE) at a ceremony in Toronto recently. Norman A. Sisco and David A. Clee received the Fellow awards, created by OISE in 1973 to recognize individuals who have shown outstanding leadership in education in the province.

Norman Sisco was the first principal of Haliburton Highlands Secondary School, a position he held from 1953 through 1958. He worked as an inspector and superintendent of secondary education in Ontario before becoming director of the former Technological and Trades Training Branch of the Ministry of Education in 1965. He was instrumental in preparing legislation for the colleges of applied arts and technology and after their introduction, became director of the

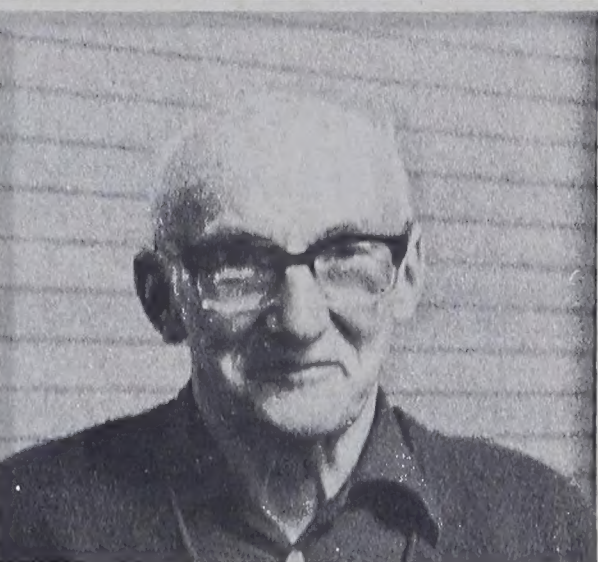

Ministry's Applied Arts and Technology Branch. In 1970, Sisco was appointed the first full time chairman of the Council of Regents. He retired earlier this year.

David Clee taught at the old Haliburton high school, now the Lakeview Centre, in the early 50's. He has had a long career in teacher education, curriculum development and children's radio and television programming. He has been a professor of education at the University of Toronto since 1966. From 1961 to 1965, Clee served as superintendent with the Ministry of Education, dealing with curriculum, textbooks, and educational television. He has written and co-authored several textbooks in Geography and has written radio and television scripts for educational and children's programming for the CBC.

Happiness is winning the Grand Consolation Championship. Here bedlam prevails as players pile off bench and smother their goalie after downing the

host Haliburton club 4-0 in the Alcide Carpentier, Fred Neimann, Lake Kashagawagomog Pee Wee Tourney.

JACK ROBERTSON

## Obituary

The village of Haliburton was stunned last week when they heard that one of the village's long time residents, John Alexander (Jack) Robertson passed away at the Peterborough Civic Hospital, on Tuesday, February 7, 1978 in his 76 year.

When Jack passed away, Haliburton not only lost one of its most prominent citizens but lost a man who played a big part in the life of the community. He was a man of good character and integrity, and in all of the years that we have known him, we never saw him lose his temper. He was blessed with the talent of being a good businessman and always weighed out all the facts before he ever made a move, whether it concerned his own business or the business of any organization he belonged to. It paid off in all aspects of his life as his decisions were usually the right ones.

It would take practically an entire page in our newspaper to list the accomplishments of

this man, who played such an active part in so many organizations in the village that he loved. As we look back on many occasions when a project was underway in the community and they were looking for a person that they could count on to carry this work through, Jack Robertson was that man.

Jack was born at Allsaw on September 15th, 1902, and lived there with his family until 1928, when he moved to Haliburton, and took over the business formerly owned by the late Harry Easton in the location now occupied by Mr. Frostee's on the main street. In September of 1934, he married the former Aileen Simpson and Jack and Aileen celebrated their 10th wedding anniversary in 1974.

It was in 1940, he moved his business across the street to the present location of the IGA store. The late John Brohm owned a house in this location and Jack built his store in front of the house. In

## CHAY tower construction is nearing completion

The people of Central Ontario will be able to receive the stereo sound of CHAY-FM with full clarity once more by early March as construction of its new 1000 foot transmission tower has already reached the 700-foot level.

The original 1000-foot tower on the outskirts of Barrie was felled by an executive aircraft owned by Falconbridge Nickel Mines, September 7.

Since that time, listeners in parts of CHAY's coverage area, which stretches from

Owen Sound to Peterborough and Huntsville to Toronto, have been receiving the signal at 93.1 on the FM dial at only partial power. Of 100,000 watts on the full tower will be dictated by weather conditions in the next few weeks, according to Vin Dittmer, the stations managing director.

### Pee Wees beat Millbrook 9-1

The Haliburton Pee Wees clobbered the Millbrook pee wees 9-1 in a recent game in Millbrook. Haliburton scored three goals in the first, four in the second and two in the third on route to victory. There was a total of twelve minutes in penalties with Haliburton picking up ten.

Haliburton County Echo publisher John Zylstra is pleased to announce the appointment of Len Pizzev as News Editor of the Echo.

A native of London, Ontario, Pizzev has an M.A. degree in English from the University of Western Ontario. For the past year he has been on the staff of the Huron Expositor, a Huron County weekly, as reporter, news editor, and finally as acting editor.

As news editor, Pizzev will assume full responsibility for the news content of the Echo.

A small charge will be made on orders less than \$25.

## Community loses prominent citizen Jack Robertson

From page 1  
1955 Jack being the shrewd businessman that he was, could see that the day of the small businessman who was in the grocery business was coming to an end. It was at this time that he decided to join the IGA food chain where he could buy in large quantities and pass the savings along to the consumer. The IGA store forged ahead while many of the people who were in the grocery business passed by the wayside. In 1958, he sold the business to Glenn Austin and retired from business life.

Many people when they retire sit back and let the rest of the world go by, but not Jack. He kept very active. Among many of his retirement projects he planted 15,000 spruce trees on his ranch and some of them are now ten feet high. He also planted 2,000 scotch pines which he later sold and cut as Christmas trees and many of you from one time or the other had one of them in your home at Christmas time.

As we sit here looking over the list of organizations and community projects Jack was involved in, it's just hard to know where to start.

Always interested in local politics, Jack served on the council for the Municipality of Dysart et al. in the years 1946-1947, and 1949. He was a member of North Entrance Lodge and was initiated into the lodge in 1929. He was Worshipful Master from 1935 to 1938 and District Deputy Grand Master in 1944. He also served the lodge in the capacity of the Dysart Telephone system from 1968 until 1970 when the system was sold to Bell Canada.

The late Jack Robertson was a charter member of the Rotary Club of Haliburton,

and among local Rotarians he was known as Mr. Rotary himself. He was president of the club in 1949-50, secretary for 20 years, then later on secretary-treasurer and was still treasurer right up until the time of his death. He was a Rotarian through and through, coming right up and serving on most of the committees and he could always be counted on to give a helping hand whenever the need arose. Every year before Rotary Carnival time, Jack was the man who contacted all the businessmen to see to the donations to help defray the costs of running this annual winter event. This in itself was a big job. In Rotary, Jack was the kind of a man who went by the book

and always kept the house in order. Many times when the local Rotary Club had to make a big decision, in the final analysis they had to call on Jack, who always seemed to steer them in the right direction. The Rotary Club Motto is "He profits most who serves the best," and we can honestly say that here was a man who went beyond the call of duty when it came to community service.

Among Jack's many hobbies, he loved to fish and hunt and was very interested in hockey. If you will recall not too long ago in our Pic of the Past, we ran a photo of the Old Haliburton Millionaires Hockey Club in which Jack was the goal tender.

One of his greatest loves

was the sport of curling, and at the Haliburton Curling Club he was known as Mr. Curling himself. He was president of the club on two different occasions, he skipped a rink when curling first started in Haliburton and during the winter months, if you were looking for Jack, you could usually find him at the curling rink. Jack Robertson was the chairman of the Skyline Bonspiel for the entire 19 years it has been held, and he was really instrumental in building this spiel into the great curling classic it is today. The last time we saw Jack was at the Skyline Bonspiel held recently, helping to organize the presentation of the trophies to the winning rinks. When we

think of it, how wonderful it was that he lived long enough to see the present new curling rink completed. We understand that he threw the first rock to officially open the new curling rink.

Jack was was gifted with many talents was very interested in writing and had a book published on the history of the Robertson family, and at the time of his death, had just completed the history on the McPhaden family.

He was the beloved husband of Aileen Robertson of Haliburton; dear father of Jacqueline (Mrs. G.K. Metcalf) of West Hill and grand-

father of Catherine and Patricia; dear brother of Mervyn of Haliburton and Esther of Bridgenorth.

he rested at the Funeral Chapel of John Welch and Son Limited, Minden, from 2:00 p.m. Thursday, until 10:30 a.m. Friday, February

10, thence to Haliburton United Church for funeral service at 1:30 p.m. Spring Interment at Ingoldsby Cemetery.

Masonic service in the Chapel on Thursday at 8:00 p.m.

## Paving project

From page 1  
held March 7 to allow people who will be effected by the project to air their views and get information on the proposed work. Time and location of the meeting will be announced later this month.

The MTC informed council that the earliest tender call would be late this year, and work will not begin until 1979. Estimated cost of the project cannot be released until tenders are called for and received.

This year's Minden rotary exchange student is 16 year old Erin Gilligan, oldest child of Eleanor and James Gilligan. Erin is a grade 12 student at Haliburton Highlands Secondary School and is interested in all types of sports. Erin told The Echo that she hopes to pursue a career as a psychologist. At the present she is unaware as to what country she will be going to, but she told us, her three choices were the Netherlands, Denmark or France.

## Correction

In a story headlined "Police to investigate Lutterworth affair" which appeared in the February 8 edition of The Haliburton County Echo it was erroneously stated that, "the investigation follows allegations made by Lutterworth Councilor Ron Gambell, that Lutterworth Deputy Reeve A.O. Bert Shingler made long distance telephone calls charged ....."

In fact, it was the Council for the Corporation of Lutterworth that made the assertion in respect to Mr. Shingler in this matter, and not Mr. Gambell, as an individual or in his personal capacity.

The Haliburton County Echo regrets any confusion that may have been caused by this error.

Dennis Casey, Haliburton Highlands Chamber of Commerce president, was one of the top six fund raisers in the annual snowarama event and was presented a Uniroyal toque by Lynn Craigmyle, Snowarama chairman for Haliburton Rotary.

Taking second place and raising nearly \$800 was Scott LaRue in last week's Snowarama for Timmy. He was congratulated at the finish line by Rotary Chairman Lynn Craigmyle.

## Algonquin not staffed in winter

Many visitors come to Algonquin Park to enjoy the silence and solitude of the winter season.

Often, they expect to meet park staff along a trail or at a campsite to assist them should they become lost, experience vehicle breakdown or suffer other similar mishaps.

Contrary to popular assumption, Algonquin Park is not patrolled in winter. Large signs advising the public to this effect have been recently erected at both the east and west gates by Park Superintendent John Simpson.

"After the Thanksgiving weekend" says Mr. Simpson, "only administrative staff is on duty preparing the park for the following camping season".

Certain winter activities including cross-country skiing, snowshoeing, winter hiking and camping are, however, offered without charge. Minimal services are available such as plowed parking lots, firewood and outdoor toilets, but campers must be repaired both to walk some distance from their cars to campsites and to carry their own firewood a similar distance.

Park Superintendent Simpson offers these words of advice: "Tell someone at home specifically where in the park you are going and when you expect to return."

"Pick up and read our winter brochure thoroughly, and always expect the unexpected," he said "Remember that winter in Algonquin is harsh and should not be underestimated."

The Algonquin Park winter brochure is available from dispensers at both main entrances to the park on Highway 60. It is also available by writing to the Superintendent Algonquin Provincial Park, Ministry of Natural Resources, P.O. Box 219, Whitney, Ontario, K0J 2M0.

## Gun Control. Working together to save lives.

The majority of Canadian gun owners have traditionally supported gun control in Canada.

Many of these people are sports hunters, target shooters or collectors, and others use their guns to hunt or trap in order to support their families. Generally, they are Canada's responsible gun users.

There is a small but growing group of people in Canada, however, who make criminal use of guns. For example, armed robberies increased 38% from 1974 to 1976. It is this group that the new gun control legislation will deal with through longer, mandatory prison sentences and prohibition powers.

The misuse of guns is increasing as well. Last year approximately 300 people were victims of homicide with a gun. Many in an impulsive moment of violence among family members or friends. New court-ordered prohibitions, police search and seizure powers, and higher gun safety standards will reduce the needless toll of deaths and injuries.

With the continued support of Canadians for gun control, we will reduce the criminal and irresponsible use of guns.

In short, we'll be working together to save lives.

"I own my guns. How does the new Gun Control legislation affect me?"

If you own only hunting rifles and you store them safely, it won't affect you at all. However, certain other guns will be either restricted or prohibited. Basically, all centre-fire semi-automatics with a barrel length of less than 18 1/2" are now restricted and must be registered. Handguns have been restricted since 1934. Sawed-off rifles and shotguns, guns with silencers and fully automatic weapons, are now prohibited, except those fully automatics registered to collectors before January 1, 1978.

"I'm glad you're getting tougher with criminals using firearms. What happens to them?"

Anyone convicted of using a firearm while committing or attempting to commit a criminal offense will be sent to prison for not less than one year and not more than 14 years. This sentence cannot be suspended. As well, maximum prison sentences for other firearm offences have been doubled.

"Is it true that police officers have new, extended search and seizure powers?"

Yes. Police officers can now seize firearms without a search warrant if they consider them hazardous to the immediate safety of any individual. They will then have to justify the grounds for the search to a magistrate.

"I now own a prohibited weapon. What do I do?"

It is against the law to be in possession of a prohibited weapon. You should contact your local police as soon as possible in order to turn the weapon over to them or to make other arrangements for its disposal. Failure to do so could result in your being prosecuted.

"What does safe handling and storage of guns have to do with Gun Control?"

Last year in Canada, there were over 120 accidental deaths due to the careless use of firearms. Under the new legislation, gun owners are responsible for the safe storage of their weapons. For example, if your gun is used in a criminal action, you could be charged with careless storage if such is decided in court.

"My rifle is now on the restricted list. How do I register it?"

Contact your local police immediately and register the gun with them. Failure to do so is punishable by a prison sentence of up to five years.

"How do you plan on keeping guns out of the hands of people who aren't able to use them safely?"

Through Firearms Acquisition Certificates and the courts' prohibition powers. The provincially administered F.A.C. system will come into effect January 1, 1979. It is designed to prevent unfit and incompetent persons from acquiring guns. The new prohibition power allows the courts to take guns away from dangerous persons.

"Why is Gun Control so important?"

Ultimately, to make Canadians safer from the misuse of firearms. Last year alone over 1,400 people were killed by guns.

Through tighter firearms control, safety education and the encouragement of responsible gun ownership and use, we will be able to reduce the level of firearm violence.

"I would like to learn more about the safe and proper use of guns, and more detail on restricted and prohibited weapons. Who should I see?"

Contact your local police department, Chief Provincial Firearms Officer, or write: Gun Control in Canada, 340 Laurier Avenue West, Ottawa, Ontario, K1A 0P8.

## We could use a laugh

Hail, Hail the gang will all be here, for the 1978 Haliburton Rotary Winter Carnival which gets underway this coming Friday afternoon and which will continue on into late Sunday afternoon.

This years Carnival Chairman Brian Black along with all the other Rotary members are to be congratulated on the splendid program they have lined up for the big weekend ahead. Special thanks also to the local merchants who have really come through with the financial aid that it takes to operate a carnival of this size. Let's also not forget to thank the Kinsmen club and those people from the community who will be pitching in to make this carnival a success.

In an effort to make this Winter Carnival a success we just ask two things. Be sure and have a float in the parade and try to attend as many attractions as you can, and don't hesitate to jump in and help if you are needed.

During the past month and a half we here in Haliburton have seen many of our citizens pass away leaving families and friends in a state of shock. We have also seen many people who have run into real problems. In other words we have had many things to be depressed about.

Over the past weekend we were talking to a friend of ours who mentioned to us that local people at this time cannot be blamed for looking on the black side of things. He went on to say that what we need at the present time is something to cheer us up and a good laugh or two wouldn't hurt a bit.

We hope that this weekend people will forget for the three days of the carnival the problems they have had to face and go out and really enjoy themselves. They say that the best things in life are free, and it doesn't cost a cent to put a smile on your face.

Michael Zahorchak, a Czech immigrant, who recently paid \$31.2 million to purchase all of the Odeon Theatres in Canada had this to say. "My greatest pleasure is to walk into a theatre that's playing a comedy and hear the full house laughing their heads off," he said.

Beginning this Friday morning people from all sections of Ontario will be making their way to Haliburton. Why not join them and be here when the hoop-la and excitement begins. In other words, it's where the action will be.

## Government for the People?

Prince Philip, never noted for his reticence, got himself in trouble recently for suggesting that the level of government interference in the lives of the people of Britain was approaching the Orwellian era of 1984.

Prince Philip was not railing at the almost daily recital of major and minor violations of civil rights, frightening as that may be. Rather, it would appear that he was attacking a cast of mind which says bigness in government is an inevitable and necessary outgrowth of technological democracy.

While we sympathize with the views expressed by Prince Philip, we must recognize that the more complex the society and the more intricate personal relations become, the more government intervention there will be, says the United Church.

The problem is to know how much interference is too much, how little not enough. In attempting to throw some light on the question, the Reverend Clarke MacDonald, Deputy Secretary of the United Church's Division of Mission in Canada, recently told a men's club in Chatham, Ontario, that it was the responsibility of the Christian conscience to determine "what is too much and-or too little."

Governments and the people that run and administer them, exist solely for the citizens of the nation they rule. But if those citizens demand more and more in the way of social benefits, government bureaucracies will increase in direct proportion at best and more likely out of all proportion.

When this happens, denial of human rights looms as a real danger and George Orwell's fictional prophecy of a Big Brother watching over our every move could become reality. As Dr. MacDonald pointed out in his Chatham address, determining what is too much or too little is a matter of conscience. Every citizen should make sure that the voice of conscience is heard in parliament and legislative assemblies.

## Letters to the Editor

### To the Editor:

For the past three months, ten senior citizens who summer in Haliburton and Muskoka have been pursuing vigorous research on the mushrooms growth in these areas. They call themselves the Haliburton-Muskoka Wild Mushroom Hunters and their research is supported and partially funded by the New Horizons Programme of the Federal Government, Dept. of Health and Welfare. They have positively identified more than two hundred species in more than thirty mushroom families. Typical specimens have been photographed, and detailed relevant information compiled.

The Mushroom Hunters wish to share their information and enthusiasm with others, and to this end have produced three filmstrips with more than one hundred and twenty-five frames and an accompanying booklet. The strips are titled An Introduction to Canadian Mushrooms, Identification of Gilled Mushrooms, and Poisonous and Edible Mushrooms. A hundred copies of each has been made. These are for free distribution to schools, libraries, senior citizens groups, church groups, camps, etc. in Haliburton, Muskoka and neighbouring areas. The only requirements are that the group owns or can borrow a film strip projector and promises to make use of the material.

Requests should be addressed to the:  
Haliburton-Muskoka Wild Mushroom Hunters  
Box 686, Haliburton, K0M 1S0.

### Dear Sir:

Enclosed please find the copy of the letter sent by our organization to Mr. & Mrs. Harvey Williams, owners of the Lakeview Inn in Haliburton. All of us who had the pleasure of staying with the Williams feel that they are a very positive advertisement for coming to Haliburton. We all had a terrific weekend and are looking forward to returning in two years. All the people we met in connection with the Atom tournament and in the town of Haliburton were very friendly and welcoming. Thank you again.

Alice Miller,  
Hillcrest Atoms - Summits

### Dear Editor:

Please allow me a little space in your paper which we greatly enjoy reading every week. To vent my feelings about a matter that has been bothering me for many months.

In the village of Norland, on Highway 35, we have a little park, which we believe is one of the prettiest spots in Ontario. This was developed by our local Horticultural Society in 1957, when our Society began. We have had many compliments about this, as well as the two lovely flower planters at the east and south entrances to the village.

The area where the park is now situated was formerly a real jungle, but through the efforts and dedication of a few people, it was transformed into a grassy area, that is kept well groomed. Bordering the area are flowering crabs, high bush cranberries evergreens and flowers.

Now for my "Beef", the motorist who travel up and down throughout the summer months, must I'm sure travel through scores of areas that are wooded, and no doubt lots of side roads etc., where they could stop and let their pets of all sizes out of the car, to relieve themselves. But what happens? They wait until they get to our little park, and I will leave it up to the readers of your paper what takes place. You can't blame the dogs, but the thoughtless motorists.

But to top it all off, on Saturday morning on our driveway here in front of the Post Office, a woman and what appeared to be her two grown up daughters pulled in and got out. This is Sunday and the evidence is still in the snow.

I suppose we shouldn't cause any undue alarm, because on Friday the men who work for the Department of Highways cleaned out the ice and snow from the grate that takes care excess water that runs off our driveway.

Roy Bryant  
Norland, Ont.

### The Editor:

I read with some interest the editorial telling us who live here to be friendly with our summer visitors. How about them being friendly with us? For year I have smiled or spoken to these people and just received a stare or was ignored entirely. A person gets discouraged trying to be friendly.

At the IGA parking lot they continually cut in on us when we are trying to park. Of course lots of them are friendly and nice to visit with, especially those who have been coming here for years, many of whom own cottages.

As to living off the Government is that what you call it, when we reach the age of 65 and deserve our pension?

Remember there are two sides to every discussion.

Sincerely  
Mrs. Phil Robinson  
Minden, Ontario

### Dear Sirs:

During the last two or three months there has been considerable criticism cast toward Public Skating at the Dysart Community Centre. Perhaps this letter will shed a little light on this situation and help to bring us out of the shadow you have seen fit to put us in.

I have been arena manager for four (4) years now, and it seems there is no end to the chronic complainers of this community. The problems concern not only Public Skating, but hockey on Sunday, late night practices for children, colour scheme of the arena, maintenance costs, auditorium rentals, etc. etc. I could go on and on and fill this paper with complaints from people whom are either too short-sighted to see the real problems or are only to the arena once or twice a year. When they do come it is only to criticize, point out the mistakes you've made, or to find fault with something they've happened to have missed on their visit there last year.

I realize some of these complaints are genuine and I have tried to correct them to best of my ability. Maybe that's just not good enough for them!

They complain about Public Skating being cancelled every time they go to the rink on Sunday. Well, in reality, Public Skating has been cancelled only three (3) times this year. This includes the Figure Skating Carnival and the Lake Kashagawigamog Atom and PeeWee Tournaments.

I grant you there has been twice the time has been rescheduled to an earlier hour because of a Huskie game at 2:00 p.m. However, on both occasions a notice was posted on the front door at least three (3) days prior to changes, which goes to show you how many times these people visit the arena for other activities.

Some people say, "Change the time for Public Skating to a week night." This presents the problem of having to reschedule either minor hockey or figure skating to Sunday. Then you hear the complaints of hockey on Sunday rekindled.

Public skating is not a money making venture, although I do realize it is a very important part of Community Centre life. They say, "Raise the price to help out the costs." The prices are presently set at fifty (50c) cents for adults and twenty five (25) cents for children. These prices are not any higher than they were twelve (12) years ago when the arena was opened. If the prices were raised the crowd would diminish and you would be no farther ahead.

Perhaps now is the time to sit down and evaluate the situation. This letter was not intended to offend or chastise anyone. It was written simply for the purpose of telling the other side of the story. As the old saying goes, "There's always two sides to every story". I hope this letter has satisfactorily presented our side.

Oh, upon closing, I would like to invite all of you to Public Skating sponsored by the Kinsmen Club of Haliburton for Heritage Week this weekend. Sunday, February 19, 1978 from 4-6 p.m. Come and try to enjoy yourselves.

Yours sincerely  
Roger H. Bain  
Arena Manager  
Dysart Community Centre

## Feir Play

By Creighton Feir

This week everyone will be focusing their attention on one of the biggest events of the winter season and that's the Haliburton Rotary Winter Carnival which is on this Friday, Saturday and Sunday, February 17, 18, 19. We hope that you will enjoy the twenty-eight page Haliburton Rotary Winter Carnival Supplement which you will find inserted in this issue of The Echo. This special supplement in news and photo form, we hope, will keep you up with all the various activities which will be going on during the weekend. Every event has been listed in this supplement so there is no need of me going into anymore details on it. This is one of the largest supplements ever published by The Echo and we hope you will enjoy reading it. Putting an issue such as this together was a big job. It meant team work by each and every employee here at The Echo, who are to be congratulated on all pulling together, working late hours and all day Saturday in an effort to meet our deadline. Our thanks also for the great co-operation we received from the Rotary Club in supplying us with the information and photos we needed to complete the job. Our thanks also to the many advertisers whose advertisements you will see as you read through the pages and without them this special supplement would have not been possible. What more can we say but to welcome you to the 1978 Haliburton Rotary Winter Carnival.

Skyline Automotive Supply in Haliburton hosted thirty area tradesmen for an Electronic Ignition Clinic on Tuesday, February 7th. Lunch and refreshments followed an interesting Technical Slide Presentation on the latest automotive ignition systems. Door prize winners were Pete Robison of Boice Motor Sales Ltd., Wally Brown of Travelways, Christie Cowen of the Municipality of Dysart et al, Works department, Garfield Miller, of Western Tire and Laverne Hobden of the H.S.S. (student auto shop).

We don't know how many of you read the Letters to the Editors column in the Toronto Star, but just recently we noticed a Letter to the Star from two local people headed "Heartfelt thanks" for help in storm. It reads like this: We would like to express our heartfelt thanks to a Mr. and Mrs. J. Abramson for giving us a ride from the Royal York Hotel to the Harbour Castle during the height of the recent furious snow storm. The subway had failed, the cabbies refused to take short runs and the walking was impossible. The fact the Abramsons were actually headed in another direction shows their compassion for fellow man. Again, our grateful thanks. June Phillips, Kinmount and Lois Emmerson, Haliburton.

Rotarian David Bishop informed The Echo on Monday that all those entering the Bed Races on Saturday of the Winter Carnival weekend, to remember the following: Here are the rules. It must be a converted bed, four pushers and one rider that must have a blanket. No protruding handles will be allowed.

Some people in the village of Haliburton are getting quite upset over the operation of the parking meters and rightly so. It appears that we are right back where we started, and are faced with the same old situation, that employees who are working in business establishments on the business section of the village are parking cars there, when they come to work and leaving them there all day. This means that people coming to town are finding it hard to find somewhere to park. What we can't understand is the fact that the parking meters are checked during the summer months, but are left unattended during the winter months. This would appear that we are only out to cash in on the summer visitors, and forget it for the rest of the year. We have noticed that the parking situation on the main street and some of the side streets is just as bad during the winter months as it is in the summer. Let's hope that council will look into the matter and have a person keep check on these meters all year round.

Dr. Karl Hartwick of Haliburton, made six people very happy last Friday when he took two hours from his day off to give six ladies lessons on Cross Country Skiing between 10 a.m. to noon on Head Lake. One lady phone me to say how much she personally enjoyed the lesson and that she wanted to thank Dr. Hartwick for his efforts on showing them the finer art of skiing, and that he tried to give them confidence so that one day they would get up enough nerve to go skiing down hill. The six ladies were Ruby Law, Glenna Beckman, Marjorie Hardy, Hazel Peacock, Helen Knapp and Agnes Taylor.

The Haliburton Play School which meets at St. George's Anglican Church at Haliburton has announced its executive for the new year. The president is Rhea Amorose, vice president, Margot Dixon, Secretary-Treasurer Kathy Stouffer.

It's now been nine weeks since Ron Stackhouse has played hockey for the Pittsburgh Penguins of the National Hockey League. Ron has been out with a back injury and from all reports it will be sometime before he gets back into action.

Quote of the week from the St. Catharines "Downtowner": "People can be divided into three groups: those who make things happen; those who watch things happen; and those who wonder what happened."

This week we would like to welcome Len Pizzey to The Echo staff as our news editor. You will be seeing plenty of Len around the County in the next few months and we welcome him not only here at The Echo but to the Community.

The Lake Kashagawigamog Tourist Association are holding a Snowmobile Rally on Saturday, February 25th, starting at 9:30 a.m. The race will include 45 miles of trails and check points, rest stops along the route, entry fee of \$5.00 with trophies and prizes. Contact Bruce Henry at 457-1300 for details. The members of the KLTA would like to thank the H.S.C.A. for their co-operation.

To watch the sun set in the west without regretting To hail its advent in the east - the night forgetting; To have enough to share - to know the joy of giving; To thrill with all the sweets of life - is living,

## Pic of the Past

We thought this week that we would run our photo of The Pic of the Past in keeping with the spirit of the Haliburton Rotary Winter Carnival coming up this weekend. The photo shows a clown band from

the Kitchener area which led the parade eight years ago. They are shown passing the reviewing stand on the main street. This picture was taken at the second Winter Carnival held in Haliburton.

## From the Chamber

by Bob Stinson

The big news this week of course is the latest development regarding our Chamber and Central Ontario Travel Association. These new developments are most encouraging and it would appear that what was developing as a long drawn out confrontation will now be resolved and workable agreements will be worked out. The directors have approached this problem from virtually every angle to come to grips with it, but it was director Jim McLean who sowed the seeds to create this particular plan of action.

There have been rumors for some time about the possible forming of a Lions Club in the Haliburton area. We are pleased to report that it is no longer rumor and in fact the Lions Club of the District of Haliburton has been chartered as of February 1 and will be holding their charter night some time in April. The organization has been conceived as a County Club and their service work will encompass a fairly large area as a result of this. They plan to meet on the second and fourth Thursday of each month, and will be meeting on February 23rd at the Driftwood Restaurant near Haliburton, and on March 9th at Gelet Gardens on Highway 519. The president is Russell Andres, the secretary is Albert Pucknell, and the treasurer is Geof Wynn. Anyone wishing further information of this new club is invited to contact the secretary at 286-2630. We heartily welcome this new organization into our community and look forward to co-operating with them.

A large portion of our county is serviced by the booster station of the CBC Northern Network. We learned this week of a major change taking place in that a new northern network station is being opened in Sudbury as of March 31st. Our programming will come from that source for approximately one month after which Haliburton, Maynooth and Bancroft will be switched over to the new Southern Ontario Show which is being developed. This change should be of considerable benefit to us, since they intend to continue to offer

a number of free public service announcements as they have been doing in the past. The people we desire most to reach of course are in the south and this program will now reach that audience. All the crew that have made the Northern Network so popular will be continuing on this Southern special program, and we are fortunate that we don't have to say goodbye to them, as the people in Northern Ontario do.

When the Chamber's new book is published in March it will have included in it detailed maps of various parts of the county and maps of the villages of Haliburton and Minden. In the meantime Municipality of Anson, Hindon and Minden have produced a comprehensive map of both Minden and the entire municipality and these are available at the Municipal Office at a cost of 50c each.

The Driftwood Restaurant has been closed for six weeks for renovations and is now open once again. Hank and Rose can be justly proud of the new look that this popular establishment has taken on.

Mike's Milk and Medley's Pizza will both be opening this week in their new location in Haliburton just in time for the Haliburton Carnival. We certainly wish both of these establishments continued success in their new location.

Haliburton was alive once again this week-end with young boys and their many supporters as Haliburton Minor Hockey and the Lake Kashagawigamog Tourist Association completed the second of their two three day hockey tournaments.

As in the previous tournaments the many volunteers involved put together another project that is indeed a credit to the community and helps in no uncertain terms to put Haliburton on the map.

The PineStone Inn hosted the supporters of the Willowdale and Hillcrest teams who were here on the week-end for the Alcide Carpentier Pee Wee Tournament. They were treated to some special unscheduled entertainment Saturday night when the Inn's president Wren Blair and his daughter Jill Blair agreed to sing a few songs for them. The appreciative crowd brought Jill back with their applause for a number of encores.

The Haliburton Rotary Winter Carnival gets underway this Friday with an impressive list of week-end events.

## Report from Parliament

By William C. Scott M.P.

[Intended for last week]

The federal government is launching yet another program to create short-term jobs, this time in a 100-million program that will allow tax credits to employers who provide jobs to unemployed persons who have been jobless for at least eight weeks.

Passed by the House of Commons and the Senate last week, and given Royal Assent, the program is now awaiting proclamation of a starting date. We in the Conservative Opposition worked with the government to get the bill through the House in just one day, but that doesn't mean that we are all that happy with the program.

What it means is that we feel anything that would help even a little bit to help the hundreds of thousands of unemployed in Canada would be better than nothing. However, we would like to see something in the way of long-term employment incentives to create meaningful jobs that our people can plan their lives around.

Under the new program, called Employment Tax Credit Program, employers in the four maritime provinces and Quebec's Gaspé area receive a credit of two dollars per hour towards the salaries of new employees.

In designated areas in the rest of Quebec, and in the provinces of Ontario, Manitoba, Saskatchewan, Alberta and British Columbia, the tax credit will be \$1.75 per hour. In undesignated areas the credit will be \$1.50 per hour.

There are four qualifying steps in the program that employers must meet in order to be eligible for the tax credits.

The first is that employers must certify that any new employees for whom they claim a credit are people that they would not have hired if it had not been for the tax credit program.

The second is that new employees must be referred by Canada Manpower Centres, who refer only people

who have been out of work for more than eight weeks. Third - the employer notifies Canada Manpower of the names of those hired, and signs an agreement form provided by the Employment Centre. And fourth - the agreement is returned to the employer with a special tax schedule on which the employer makes the tax credit claim.

In addition, the new job must last a minimum of three months to qualify for the tax credit, and the credit is allowed for a maximum of nine months. The government expects that 50,000 jobs will be created by the new program.

Opposition Leader Joe Clark calls the program a 'Band-aid' approach to the task of alleviating massive unemployment. The hoped-for 50,000 short-term jobs will not make much of a dent in the 800,000 to one million unemployed in Canada.

The Progressive Conservative party also objected to the fact that the tax credits will be taxed as income, and so it is not really a credit but rather a temporary tax relief. We could not, however, get the government to remove the taxation feature from the bill and make it a straight tax credit.

We are concerned that the employers who might otherwise wish to take advantage of the program might decide that it isn't worth all the red tape involved. It has even been suggested that the people who stand to benefit the most from the program are the tax lawyers and accountants.

I said as recently as last week in this report that the answer to our high unemployment is the creation of meaningful, career-type jobs by encouraging expansion in our manufacturing industry, and by processing more of our raw natural resources into finished products for export. We have got to offer more to our people than a few low-paying jobs lasting three or four months. It is not a role of government to provide jobs. It is their role to provide the climate for industry to provide employment.

## Report from Queen's Park

by MPP John Eakins

Already a number of people have asked me for information about filing Income Tax Returns and Ontario's Provincial Tax Credit System, designed to make taxation more equitable. The Property, Sales and Pensioner Tax Credits are intended to improve the fairness of the provincial and municipal tax systems, by relating these tax credits to the individual's ability to pay taxes. The Political Contribution Tax Credit is designed to encourage great public participation in the democratic process.

Ontario's Tax Credit System is administered as part of the Federal Government's personal income tax system, and the only method of obtaining the various credits is to complete the special pale purple coloured credit form (TIC(Ont)) which is included with the income tax schedules. Even if there is, in fact, no taxable income, this form must be filed with the Federal Government. In the event that a taxpayer has an outstanding liability for Income Tax, Canada Pension Plan or Unemployment Insurance contributions, the Tax Credits will be applied to reduce this liability. Otherwise, the Federal Department of National Revenue will send out a refund cheque which will include the Tax Credits paid by the Province as well as any Federal Refund which may be payable.

To be eligible for the Tax Credits, you must be over 16 years of age and a resident of Ontario on the last day of the taxation year. If someone is temporarily out of the Province on December 31st, he or she may still be considered a resident, providing a tax return is not filed as a resident of another Province. Individuals who left Ontario and Canada during the taxation year must consider the last day of their taxation year as the day on which they ceased to live in Ontario, and their eligibility for tax credit purposes is determined as of that date.

In an effort to make sure that the benefits of the Tax Credit System are most helpful to those in the greatest need of assistance, the total Tax Credit entitlement is reduced by 2% of the taxable income, which means that the amount of credit available to any taxpayer depends upon family circumstances, age, income and the property tax or rent which is paid, subject to an overall maximum of \$500. AND the Political Contribution Tax Credit, subject to a maximum of \$500. For the 1977 taxation year, Ontario residents with a taxable income of \$1,680 or less are considered to have a 'nil' taxable income for purposes of calculating their tax credits. In such cases, the two per cent of taxable income offset against Property, Sales and Pensioner tax credits, does not apply.

### PROPERTY TAX CREDIT

This should be claimed by the spouse having the higher taxable income, in respect of the principal residence only, and is the lesser of \$180 or occupancy cost (plus 10%). For homeowners, occupancy cost is property tax paid in 1977, and for those who rent accommodation it is 20% of the total rent paid in 1977. College, university and nursing students living in "prescribed" student residences may claim occupancy cost of \$25.00. No-one under the age of 16 at the end of the year may claim this credit. People under the age of 21, living at home and claimed as dependents are also ineligible.

### SALES TAX CREDIT

This credit is 1% of Personal Exemptions for Income Tax purposes, and may be claimed by most Ontario residents, with the exception of those under 16 years of age, or anyone claimed as a dependant for Income Tax Purposes.

### PENSIONER TAX CREDIT

This \$110 Tax Credit may be claimed by everyone over 65 years of age and a resident in Ontario as on December 31st, 1977, but in the case of a married couple, both over 65 at the end of the taxation year, and living in the same principal residence, only the spouse with the higher taxable income is eligible.

### ONTARIO POLITICAL CONTRIBUTION TAX CREDIT

To obtain this Tax Credit, you list your Total Ontario Political Contributions for the taxation year of 1977 and official receipts must be attached. Remember that the total allowable credit maximum is \$500, and this is reached when total allowable contributions in the year amount to \$1,150.

You may claim 75% of the first \$100 of total contributions, 50% of the next \$450 of total contributions, and 33 1/3% of total contributions in excess of \$550.

For the 1977 taxation year, the Political Contribution Tax Credit may be claimed by either the contributor or the contributor's spouse. In other words, official receipts for political contributions are now transferable between spouses. However, a single contribution for which one official receipt is issued cannot be divided between the spouses. It must be claimed entirely by one spouse or the other.

See you next week.

## INFORMATION FROM THE MINISTRY OF LABOUR

Mr. Don Way of the Labour Bureau will hold an itinerant office every other week commencing Monday, February 20th, in the MANPOWER OUTREACH OFFICE in Haliburton (above Red & White) from 10:30 - 12:30.

All questions pertaining to labour problems i.e. vacation pay, pregnancy leave, overtime pay, minimum wage, public holidays, Employer and Employee rights -- will be answered.

## ROYAL COMMISSION OF INQUIRY INTO THE Confidentiality of Health Records in Ontario

By Order-in-Council dated the 21st day of December, 1977, The Honourable Mr. Justice Horace Krever was appointed pursuant to The Public Inquiries Act, 1971, to:

1. review all legislation administered by the Minister of Health (for example, The Public Hospitals Act, The Health Disciplines Act, The Health Insurance Act and The Mental Health Act), together with any other relevant legislation administered by other Ministers, and any Regulations passed thereunder, to determine whether proper protection is given to the rights of persons who have received, or who may receive, health services, to preserve the confidentiality of information respecting them collected under that legislation;
2. to review the legality of the administrative processes under the above Acts; and
3. to report thereon to the Minister of Health with any recommendations for necessary amendments to the legislation and the Regulations passed thereunder.

### NOTICE OF HEARING

The first session of the Commission will be convened on Monday, the 20th day of February, 1978, at the hour of 10:00 o'clock in the forenoon, at the Sutton Place Hotel, 955 Bay Street at Wellesley, Toronto, Ontario, for the purpose of establishing procedures and granting status to interested individuals and organizations. Anyone intending to participate in the Commission's hearings is invited to attend and may make submissions at the above noted time.

The dates, times and places of public hearings will be announced at a later time.

The Commission is asking for opinions, comments and information from all interested individuals and organizations. Anyone wishing to make a written submission or deliver relevant information to the Commission may do so, addressing it to:

ROYAL COMMISSION OF INQUIRY INTO THE CONFIDENTIALITY OF HEALTH RECORDS IN ONTARIO,  
22nd Floor, 180 Dundas Street West,  
TORONTO, Ontario M5G 1Z8.  
Telephone: (416) 965-4003

The Hon. Mr. Justice Horace Krever,  
Commissioner.  
Harvey T. Strasberg,  
Counsel to the Commission.

## Use of local Midget leads to two game forfeiture

A bitter dispute that arose last Thursday between the Haliburton Beacon Brook Midgets, the Cannington Team and the O.M.H.A. has resulted in the coach of the Haliburton team demanding the resignation of Ed Grimshaw, the O.M.H.A. convenor from Uxbridge, and the possible withdrawal of Haliburton from further O.M.H.A. affiliation.

The incidents center around Bernie Nicholls who recently returned home to play for the local midgets after Grimshaw had assured Haliburton officials that if he was signed before February 10 and had obtained a release from the Woodstock Junior B club, he would be eligible to play.

Haliburton got the release and had a current playing card signed on February 6, and Nicholls played for Haliburton that evening in Cannington. Haliburton Team won easily 9-0. Nicholls also participated in a game the following evening and Haliburton again won, this time 10-0 and took the series in three straight games and prepared to move on against Newcastle in the zone final.

On Thursday evening, as the local midgets were preparing to board a bus for Newcastle, they were informed of a protest by Cannington and were ordered not to commence the series with Newcastle.

All evening long the local club and president were on the phone to O.M.H.A. officials and were told that a ruling would be handed down

on Friday afternoon. Patiently Haliburton officials waited and at about three p.m. the crunch came when Haliburton was informed that they would have to forfeit two games that Nicholls had participated in.

Haliburton officials had a meeting and at first decided that they would withdraw all O.M.H.A. teams from further competition in the organization. However, after assessing the situation they decided against withdrawal at this time because it would be unfair to the children involved.

After lengthy meetings they decided to appeal the decision, but were informed that no official protest had been filed; therefore no appeal. Mr. Grimshaw at this point asked the president to return the playing card for Bernie Nicholls to his office, but was informed that the coach would not surrender the card, as it was the only proof Haliburton had that the O.M.H.A. had erred in the approval of this card.

Len Salvatori said that he wants to make it clear that the O.M.H.A. had created the error not Haliburton Minor Hockey. Salvatori stated that when he was informed Nicholls was returning to Haliburton he was unsure of the rule on O.H.A. players, so he phoned Grimshaw and asked for his ruling, and what procedure they were to use and that it was followed to a letter.

Salvatori was appalled that Grimshaw would not stand by

his decision and said that this man had lost all credibility and should be removed from office.

In a phone call to the president, Al Moore, the Haliburton president stated that he was sick and tired of defending this man's decisions and it was time that the rest of the executive knew what was going on. Salvatori went on to state that he was concerned about rumors circulating as to the credibility of himself and the coach and manager involved, that they had tried to pull a smoothie.

"I want to make it perfectly clear that I was unsure of the eligibility of Nicholls, so I phoned Grimshaw to find out and was, as Vern MacCallum, secretary-treasurer of the O.M.H.A. stated, 'given a bum steer'," said Salvatori.

"All Grimshaw had to do was admit to a mistake on his part and hide behind the rest of the executive. A person of his position should at least admit that a mistake was made," Salvatori said.

"But no, this man instead tries to turn things around and hid," said Salvatori.

Coach Bill Davis stated that it is the first time that he has heard of the rule that was applied and stated that the only part the disqualified Nicholls was that he had played more than four games after January 10.

"We had no skeletons to hide, we checked with the man that was supposed to know and were led down the path," Davis said.

"What Grimshaw should have done, if he didn't know, was to inform us he was unaware and would check, but he told us the procedure which we followed and now find ourselves in a hayrube with the O.M.H.A.," said Davis.

services of netminder Randy Ellison for an indefinite period.

In Sunday's game the Huskies were on the scoresheet early at the 6:24 mark, Tim Bain gave the Huskies a one goal lead, as he was set up by Tom Curry. Again at 9:07, Larry Stinson gave the locals a 2-0 lead, Shaw drew the assist on the play.

A tripping call to Haliburton's Steve Farnsworth gave Bobcaygeon an opportunity and with just nineteen seconds gone in the power play Brad Sheppard cut the Huskies lead to one goal. Eric Lasch was given the assist. At the 18:09 mark, Bobcaygeon took advantage of another penalty to Barry Shaw when Brad Prentice scored unassisted.

But, at 15:44, Tom Curry gave the Huskies the lead once again when he scored on a play from Tim Bain.

In the second and third period, it was all Bobcaygeon as they hit for three goals in the second and four in the third, all unanswered.

There were a total of fifty-two minutes in penalties with Haliburton picking up of thirty one.

**HUSKIES NOTES:** Next action for the Huskies is this Friday evening in Bobcaygeon and back at the Dysart arena on Sunday evening at 8:00 p.m.

### Minden juveniles win

The Minden Juveniles, after dropping the first game at home, came back strong and defeated the Cannington team, 4-0, in the fifth and deciding game played at the Minden arena, last Friday evening.

Minden scored three in the first and one in the third, on the way to their win. Bill Musclow led the way for Minden with two goals and an assist. Single markers went to Kevin Newell and Dave Brown.

Minden now advances to the zone final against Newcastle in a series to be played at Bowmanville and Minden. The Minden games are set for Friday, Feb. 17, at 8:30 p.m. and Sunday the 19th, at 7:00 p.m.

Goalie makes sliding save against opposition in hard fought game during Pee Wee tourney which was won

by a club from Oakville. Oshawa won the grand consolation of the tourney defeating Haliburton 4-0.

## LKTA Tourney a success

On the final day of the three day Pee Wee tourney in Haliburton over the weekend, Oshawa won the "A" consolation round 4-3 over Bancroft in sudden death overtime to move into the grand consolation. Haliburton took on Finchurst, Toronto, and came away with 4-1 victory and the "B" consolation championship thus advancing to the grand consolation championship against Oshawa.

In the grand consolation championship the local Haliburton Pee Wee's came out on the short end of a 4-0 score against a hot Oshawa goalie. Most spectators agreed that the best game of the tourney involved the Haliburton team and Cooksville were the local club came out flying and hitting and upset the Cooksville club 3-1.

On the "A" side of the

tourney for the Alcide Carpentier trophy, it was a well balanced and disciplined Oakville club pulling probably the biggest upset of the tourney, dumping a big Mississauga Rep team to the tune of 4-0 to take the "A" championship and move on to the Grand championship.

In the semi-final, Bobcaygeon had defeated Minden but due to O.M.H.A. play-off commitments were forced to withdraw, the Minden team to advance against Hillcrest, Toronto. The Minden team, playing with two atoms in the line up, gave Hillcrest a run for the money, scoring two goals in the last five minutes to come short 3-2. The Minden club played a fine game and had nothing to be ashamed of as they were beaten by a much larger club

that was one of the pre-tourney favorites.

In the grand championship it was not contest at the Oakville team clobbered Hillcrest 11-0 to win the grand championship of the three day tourney, which was a large success.

Of local interest Scott Rae was chosen as the most valuable forward of the tourney in the "B" division.

### RESULTS

## Snowmobiling constitutes a 'quiet revolution'

The Haliburton County Snowmobile Association thinks the growth of snowmobiling constitutes a "quiet revolution" and wants are business people to reap the benefits of that revolution. The growth and improvement of wintertime business in the county will be the topic of a dinner conference the Association is planning for February 16.

The H.C.S.A. currently has 376 members, 55 percent more than it had last year at the same time, and 24 percent more than the groups total registration in 1977. The 376

### Maple Lake Bowling

Dan's Dynamoes were dynamite Friday night as they blasted Audrey's Angels for 7 points. Fred's Foxes and Ron's Rollers split the points 5-2 over the Strikers and Lynn's Loafers leaving the team standing Freds 17; Dans 16; Audreys 11; Rons 10; Lynns 5; and Strikers 4.

We were bowling the house round of the Thomas Adams National Classified Tournament and Wes Stata with a 772 (269, 262) was the top male bowler and will lead off the #1 team for the Zone round. We had other winners too - Ron Robinson 744 (269, 256); Marnie Robinson 734 (282, 273); Fred Cox (male Zone round winner in the Carling O'Keefe Classic) 210 (222, 220); Ev Stata 632 (233, 201); Audrey Fountain 623 (237, 220); Jean Henderson 621 (235, 235); Rick Harding 602 (244).

High Singles - Grace Downey, 225; Wendy Kirkpatrick 220; Lynn Frankland 219; Martha Harding 212, 200; Deb Harding 204; Harold Kirkpatrick 203.

members and their families own 940 registered snowmobiles and the Association estimates that another 2,500 machines are in use in the county. These snowmobilers are generating thousands of dollars worth of goods and services for area businesses, the Association believes, and that message will be at the core of the meeting Thursday.

The conference will get underway at the Legion Hall at 6:30 p.m. with a roast beef dinner to be served between 7:30 and 8:30 p.m.

Speakers following the dinner will include Vern Telford or the Ministry of Industry and Tourism, John Moskwa, president of the Ontario Federation of Snowmobile Clubs, and Bob Stinson, manager of the Haliburton Highlands Chamber of Commerce.

The evening will conclude with a question and discussion period.

Reservations for the dinner and seminar can be obtained by calling 286-1760.

## Curling

by Tom Stinson

Our entire community was saddened last week with the passing of Jack Robertson. Our curling club in particular, and a great many curlers who visit us annually will miss Jack. He was a gentleman on and off the ice - one of our pioneer curlers and a credit to the game he loved so well. Our sincere sympathy goes out to his wife Eileen and family.

In conjunction with the Rotary Winter Carnival this weekend, will see our Carnival 'Spiel' in full swing at the Club. Starting on Friday night with 24 rinks - the finals will be Sunday afternoon. Phyllis Woodcock is Chairman of this 'Spiel', which brings together many friends of past bonspiels, and always a few new faces for a gala weekend.

At present our rink is busy daily with the influx of High School students being introduced to the basics of the game by instructors Gary Brohman, Bob Collier and Kit Koehler.

We hope to experiment with a men's afternoon - open curling. All men welcome - members free and visitors \$1.00 per game. If you are new to the game instruction will be available. Watch next week's Echo for the opening day.

A reminder to those interested - March 11th, is the date of our 1 day Ladies 'Spiel'.

### CURLING TIP #4

Trust your skip - keep your eye on his broom. Practice a free and easy delivery. Let your backswing determine the weight you give your rock. (that is the speed down the ice). If your rock is on the broom - and your weight is right - you have made a good shot.

## Along the Trails

by  
Roy Bates

### Mid-Week Snowmobiling

There is a noticeable increase in the number of snowmobilers who go on the trails on weekdays. Whether this indicates more people taking winter vacations or simply more people taking advantage of the quieter days, we cannot say, but we would guess that it is a happy combination of the two.

On our grooming run of the Peterson Trail east to Benoit Lake last Friday, we counted twenty machines passing that way, and at least four of those travelled both ways. This means that in the space of one afternoon, no less than twenty-four snowmobiles traversed the eastern sector of the Peterson Trail. And this after our trails conditions report in the local papers had declared the Peterson Trail "closed to traffic!"

We must, at this point, explain that the re-opening of the trail came several days earlier than expected through a concentrated attack on the brush and debris from the recent ice-storm made by the H.C.S.A.'s manager and maintenance crew. The trail still had a few birch branches hanging at helmet level, but was really quite rideable.

Just to give an example of how popular the Peterson Trail and other trails in the H.C.S.A. trails system - have become, here are two of the groups seen on that day. Reg. Beckstead, Harold Antoine, and Len Roberts, of Cornwall were spending a few days in the area and would not leave without riding a section of the Peterson. They had ready about it in a story by this writer which appeared in Snowmobile Sports last October. (Their 639 mile ride of last winter - Cornwall to Eganville, Barry's Bay, Bancroft and return to Cornwall appeared in the same magazine a month later.)

Lloyd Woods, a past president of the Ontario Federation of Snowmobile Clubs, with his wife, June and seven other Hill and Gully Riders was on the first leg of a safari he was leading to Valcourt, Quebec. The group was right

on schedule, having passed through Baysville, Carnarvon and Harburn and had reached a point ten miles west of Benoit when we met them at 2:30 p.m. They were booked into the Arlington Hotel at Maynooth for their first night, and would reach that point easily by four o'clock. This group will transport their machines back to Port Sydney after completing the trip.

### Convention Call

The Ontario Federation of Snowmobile Clubs will hold its Annual General Meeting and Convention in the city of Barrie this year on April 14th, 15th and 16th. Any member of any Federated club may attend as paternal delegates and each club should appoint two responsible members to carry the club's vote. Registration - \$25 per person - must be made for all delegates through their club. Room reservations - \$22 per night, one to four persons to a room - to be made through your club also. The deadline for these prices is March 1st, thereafter the registration fee increases to \$30 and accommodations may not be available. Members of the H.C.S.A. and other Federated clubs among our readers, should call your club's secretary immediately if you would wish to attend this convention.

This writer has served as a Director in the Federation for the past three years and for the last year in the position of First Vice President. I am nominated for a further two-year term on the Board and have indicated that I will stand for re-election. I would personally hope for a good attendance this year from the clubs in my area of representation.

### H.C.S.A. Seminar

The response from business operators in the area to their invitations to attend a special meeting on the impact of winter recreation on the Haliburton County economy is encouraging. In this Seminar, February 15th at the Haliburton Legion, representatives of the Ministry of Industry and Tourism, the Ontario Federation of Snowmobile Clubs, and the Haliburton Highlands Chamber of Commerce will be on hand to speak to your special concerns. We wish the sponsors of this meeting, the Haliburton County Snowmobile Association, every success in the venture.

Snowmobiling is alive and well and living in Haliburton County.

### Tuesday Night Combines

High Triples  
Lil Gorveatt 684 (208, 280, 196); Jim Foster 675 (198, 295, 182); Bruce Medcalf Sr., 666 (166, 301, 199); Ian Colman 661 (296, 206, 159); Bruce Medcalf Jr. 642 (229, 208, 205).

Emil Niemann presents Oshawa captain Richard Cawker with Fred Niemann Memorial Trophy symbolic of grand consolation supremacy in recent pee wee tourney.

## Midgets win a best of five in controversial series

The Haliburton Beaconbrook midgets had a best of five series turn into a win on Monday evening at the Dysart arena with a 3-2 come from behind victory, to win the league championship and treat one of the largest

crowds to watch a minor hockey game in some time to a breath taking finish.

The local team was trailing Cannington in this sudden death game 2-1 with just over six minutes to play when they erupted for two goals in a minute to take a 3-2 victory

and the series. This earns them the right to advance against Newcastle in a best three out of five, which will begin this Thursday night in Bowmanville. The Haliburton goal scorers in the game were Bob Manary, Ed Roberts and Butch Manary.

## Tim Harrison Memorial Tournament

The annual Tim Harrison Memorial Tourney will be held this Saturday, the 18th, with the first game getting underway at 8:00 a.m. with the host Minden club against Ops Center. The other club, Beaconbrook Midgets, will play in the third game at 10 a.m. against Lakefield.

This tourney is held annually and is sponsored by Minden Minor Hockey in tribute to the late Tim Harrison, a bright young student and hockey player whose life ended so tragically a few years ago, while refereeing a fun hockey game in his hometown Minden. This tourney has been a success in the past due to the hard work of the people involved. Last year's winner was a midget club from Ernestown with the Haliburton club winning the consolation.

## Problems between labour and management are now often resolved before they become disputes.

### That's what Ontario's Preventive Mediation is all about.

Preventive Mediation is a new service offered by the Ontario Conciliation and Mediation Service of your Ontario Ministry of Labour. Here's how it works:

Sometimes after contract negotiations have ended and an agreement has been signed, there may be issues that have left a bad taste for both management and labour.

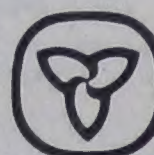

Positions may harden and these issues may become barriers in the next round of negotiations. A monitoring system alerts the Service to the need for early

involvement of a mediator in this kind of situation. The mediator contacts the parties and explores the possibility of discussions before the tickets call 457-1834 from the atmosphere of crisis bargaining, the mediator can help the parties discuss the tough issues, identify the cause of friction and promote understanding and cooperation.

First agreement negotiations are often deadlocked because of a breakdown in the relationship of the bargaining parties. The preventive mediator works to improve this relationship, encourage discussion and ease the way to contract settlement.

No mediation service can be complete that only deals with crisis bargaining and ignores the underlying causes that give rise to the dispute.

## Haliburton Highlights by Creighton Fair

There is a lot of new business places opening in the village of Haliburton, and many are planned for this weekend. Someone remarked the other day that we seem to be having more grand openings in February than we have in May. This weekend will see the grand opening of the brand new Mike's Milk store across from the Haliburton Red & White. Next to Mike's Milk another grand opening

will take place when Larry Medley opens up another Medley's Pizza outlet. A new delicatessen store in the Mikes Milk building was supposed to be open this weekend, but is has been delayed for another week. Mary Lou's Snack bar has already opened in the Bowes and Cocks building in the location formerly occupied by the Headhunter Barber Shop.

The Brotherhood of Anglican Churchmen will be holding their monthly communion and meeting at St. George's Anglican Church this coming Sunday morning, February 19th, starting at 8 a.m. The guest speaker will be Captain Burry of the Salvation Army Corp. in Haliburton.

The motion picture "Across the Great Divide" drew large crowds at both the Molou and Beaver Theatres last week.

We notice that some of the colored lights on the main street are blown and we hope that they will be replaced before the Carnival weekend.

In a recent write up on the front page of our newspaper we ran a story about Walter Webb receiving an award. We were in error when we stated that Walter lived in Minden. He does not he resides in Haliburton.

"A Stranger in My Forest" a gripping, highly dramatic film that will appeal to children, youth and adults alike will be shown at the High School this Friday evening, February 17th, at 8:00 p.m. It is being sponsored by The Haliburton Evangelistic Fellowship.

The Brotherhood of Anglican Churchmen have announced their new slate of officers for 1978. President Harley Fader, Vice-President, Jim Johnston, Past President Dr. Edward Christiansen, Secretary Treasurer, Robert English, Food Convenor, John Johnson, B.A.C. Chaplain, Rev. Trevor Denny, Executive, John Stouffer, Johnston Bailey, Cecil Robinson, Earl Cooper.

The weather conditions the past two weeks have been excellent and we hope that the law of averages doesn't catch up with us and give us poor weather this weekend. Let's all hope that we are in for another good one for the Haliburton Rotary Winter Carnival.

Mr. and Mrs. Mike Bain and daughter Michelle, from Toronto, spent last weekend with Mike's parents Mr. and Mrs. Royce Bain.

they had together, and of course you know what made it so enjoyable - the new grandchild, Alice tells me she even had an opportunity to do a little baby-sitting - What a thrill!

Miss Cindy Chambers is happily employed in Secretarial work in Fort McMurray.

We are glad to have Mr. & Mrs. Downey living in our area now. The Downeys purchased the Ray Welch bungalow.

Mr. Carl Harrison and Mr. Ted Carr made a business trip to Toronto last week. Ted, who has been having a miserable time, health-wise, this winter, decided to do something about it, so went to keep an appointment with Rella's doctor.

I have been asked to inform friends of Mrs. Ed. Cameron, (Aunt Jennie to many people) of Burnt River; that she has passed on to her higher home, funeral service last Friday, Feb. 10th.

Mrs. Gertrude Dawson has been visiting in Largo, Florida, with her neighbours Mr. & Mrs. Don Barnett. The latest word received from Jessie and Don is that they are enjoying the change this winter. Also that the milder climate is already making Don feel much better.

Ada Gibbs

## OMHA Bantams tie Series

The Haliburton bantams have come back to tie their best of five series at 5 points each on the effort of a 5-2 win in a game played at the Dysart arena on Monday evening. This victory forces a sudden death game to be played in Cannington as this paper is going to press. As the score sheet is not available for this game we are not aware of all the goal scorers but Dave Nicholls had four goals.

## Bowling classic Zone Round

The Carling O'Keefe Classic (210 and Under) Zone round was held at Fenelon Lanes on Sunday with Fred Cox of Carnarvon Lanes emerging top man and Linda Grant of Bancroft top lady and these two will represent 1000 Lakes Bowlers Association on March 11, at Oshawa for the provincial championship.

Those who won prizes, home lanes and score.

## The Word of God

by  
Brian V. Sullivan

We are ready to turn our attention to the establishment of the kingdom. Here are some preliminary thoughts to consider. Is the kingdom already established? We have already noticed a number of Old Testament passages in this study and now wish to come to the days of Christ and His apostles. What did they say about the kingdom?

In Luke 1:31-33, the angel spoke to Mary and gave this promise: "And, behold, thou shalt conceive in thy womb, and bring forth a son, and shalt call his name Jesus. He shall be great, and shall be called the Son of the Highest: and the Lord God shall give unto him the throne of his

father David. And he shall reign over the house of Jacob for ever; and of his kingdom there shall be no end." Here is a promise that not only would Mary bring forth a Son, but that this Son would be the Son of God (according to verse 35) and that this one would be the one whom the Lord God would give the throne of David to and He would reign over the house of Jacob forever, with an everlasting kingdom.

To my knowledge there has never been an argument over who would reign in the matter of the kingdom, therefore we will not enter that discussion with any greater depth than to say that Jesus the Christ

would be king. However, there has been confusion over what it meant to rule on the throne of David. What does that imply? Let us illustrate with a small comparative chart:

Solomon [the immediate descendant of David] Solomon according to 1 Kings 2:12, sat upon "the throne of David his father". But, in 1 Chronicles 29:23, we read that Solomon sat upon "his throne". Therefore, Solomon either sat upon three different thrones, or his sitting upon the one throne implied that he was sitting upon David's throne as king ruling over God's people. I believe that is the sense depicted. Now, consider Christ.

Christ (the ultimate descendant of David). In Acts 2:30-36, Peter the apostle (speaking by inspiration, Act 2:4) made this statement regarding Christ, that God had revealed to David: "Therefore being a prophet, and knowing that God had

sworn with an oath to him, that of the fruit of his loins, according to the flesh, he would raise up Christ to sit on his throne; He seeing this before spake of the resurrection of Christ". Then, in verse 34-36, Peter shows that Christ is elevated to that position by the fact that being there (Ephesians 4:8-12) He was able to "shed forth this, which ye now see and hear" (verse 33), and re-inforces this fact by declaring that Jesus is seated on "my throne" and at the same place it is spoken of as "with my Father in his throne". Hence, just as Solomon had sat upon one throne known as 'David's throne', 'his throne' and 'the Lord's throne'; so also Christ was sitting upon 'David's throne', 'his throne' and 'the Lord's throne'.

The significance of sitting on David's throne is found in that particular king ruling over God's people. David and Solomon ruling over physical descendants of Jacob and Christ ruling over the spiritual descendants, here identified as the house of Jacob. One needs only to look at Romans 9:6-7 ("For they are not all Israel, which are of Israel"); Galatians 3:26-29

("And if ye be Christ's, then are ye Abraham's seed,"); Galatians 4:21-31 ("Now we, brethren, as Isaac was, are the children of promise.") and also Galatians 6:16 which refers to "the Israel of God". Christ is ruling over the people of God now, not sometime future. In our next article we will consider the arrival of the kingdom. See you then.

## Shopping Service opens in Minden

'Country Mart' opened their first 'Shoppers Service Centre' in Minden this week. Located at Mac's, the new service will enable shoppers to locate and purchase a wide range of products which have previously been only available in retail stores outside the Haliburton area.

Products include almost anything a frustrated shopper might wish to purchase... but can't find. Ranging anywhere from beer making kits to office equipment and supplies, a wide assortment of

quality product lines can now be ordered through the new service.

To ensure prompt delivery merchandise is ordered weekly and picked up personally from Country Mart's supplies in Metropolitan Centres.

Don Wolfrum, manager of 'Country Mart', said that 'Comparative Shopping' is one of the unique features provided by this service which permits shoppers to compare prices of competitive items, and purchase

them on the basis of 'best dollar' value. A show room, where samples of merchandise will be on display, is near completion. Because of the growing amount of product information required to provide this service, he said a computer system is also to be installed.

Don, who managed his own Marketing Consulting firm in Toronto prior to coming to the Minden area, said that the current trend to city shopping is having a disastrous effect on our local economy. The

fact that most small retailers do not have the variety of merchandise at the price consumers are willing to pay, has helped the larger chains to expand by draining off needed retail dollars from small communities such as Minden. However, he added, he could foresee the reversal of this trend as specialized services catering to the needs of local shoppers become available. As it is, city shoppers have to add the cost of gas, as well as travelling time, to their total purchase

price. As these costs go up, it becomes increasingly more economical to shop locally. It is because of this, he said, that he plans to open additional 'Country Mart' outlets in other small communities.

## News from Extendicare

by Dr. O.W. Anderson

Mr. William Andrews of Highland Grove is our latest admission to the Happy Gang. He is a nice spry elderly gentleman who already is becoming accustomed to our ways.

Monday afternoon we engaged in craft work in this instance decorative vases by smearing glue on the outside of small glass containers then winding on yarn of varied colours. Our thanks go to Mrs. Dorothy Davidson for helping in this project as a volunteer helper.

Tuesday afternoon was our Bingo day, with Mrs. Kel Anderson giving of her time to supervise as a welcome guide to ensure that we missed no plays.

Mrs. Ethel Plewman had a nasty fall Monday, but on receiving medical aid was found to have no more than severe bruises. She will be quite herself in a few days.

Wednesday, Mrs. Ada Pacey was returned to us from her stay in the Womens College Hospital much improved. She should be ready to help with our Spring flower activity.

Mrs. Mary Currah and Dr. Anderson spent a profitable 2 hours Wednesday afternoon listening while Mr. Ray Haward of the Royal Botanical Gardens of Hamilton described many of the tricks of propagating plants and flowers at the Haliburton School of Fine Arts. Plants thrive wherever Mr. Haward goes.

At the same time back in Extendicare, Gord Woolsey Pharmacist for Haliburton Pharmacy was lecturing the registered nurses of Haliburton in the lecture room on the "interaction of drugs". Without having heard the lecture it would be folly to try to explain this subject title.

Our Spiritual leader for our Friday morning devotional period was Rev. John Smith pastor of the Lakeside Baptist Church, his wife Mrs. Velma Smith was pianist for our hymn singing. The theme of this service was "forgiveness and what it means" and the biblical prime example was given as the prodigal son or in our society the first step in the rehabilitation of the criminal is forgiveness.

Radio cross country check up Sunday evening, Feb. 5 dealing with the Francis Fox affair was interesting in that only 2 of the ten commandments were in question that it was nearly unanimous that all the honourable members

should be exempt from, "thou shalt not covet", "thou shalt not commit adultery". Since they are human they should be allowed some leeway.

Dr. Anderson is a visitor in Peterborough this week and leaving this column a little short.

We are informed that Mrs. Ada Pacey has been transferred to Womens College Hospital for further tests. All of us hope that everything will turn out for the best and she will be returning soon.

Mr. Walter Fogg has returned from a stay in Peterborough Hospital. We hope his health is much improved.

The Happy Gang extends a hearty welcome to a new member Mrs. Maud Weston formerly of the Rockcliffe Nursing Home, Scarborough, Ontario. No doubt she will be a great help with our baking.

Extendicare has no centurians to boast of.

We have eight nonagenarians - Mrs. Mable Stone, Mrs. Augusta Bordon, Mrs. Annie Johnston, Mrs. Isabel Hogg, Mrs. Hilda Dean, Mr. Walter Fogg, Mr. Duncan Bethune and Mrs. Lillie Robertson. Mr. Bethune enjoys one or two to three mile walks in a day when the weather permits and he can sure put on the speed.

## Pests in the larder

That package of dried fruit put away in the cupboard months ago could be potential trouble for the consumer. It is an open invitation for food pests.

Amalia Pucat, an Agriculture Canada entomologist, says insects often infest food materials in the home, lowering food quality and often making it unfit to eat.

"The pests are usually brought into the home in packaged food," Dr. Pucat says. "But they can enter through windows and doors or from adjoining apartments."

Once in the home, the pests will often spread to uninfested food. An infestation may be detected by the presence of the insects, by webbing in the food or by holes in food packages.

The adults of most food-infesting insects are either moths or beetles. Most of the damage is carried out by the larvae.

"Most calls we receive at Agriculture Canada from the public concerning food infestations are about the merchant grain beetle. The larder beetle is also commonly encountered. Both beetles feed on a variety of dried foods, including dried fruits, spices and coffee. The larvae of the larder beetle may even feed on leather and woollens," Dr. Pucat says.

The Mediterranean flour moth and the Indian meal moth are two other commonly

encountered food pests who larvae damage many stored foods.

The cigarette beetle and the drugstore beetle feed on many dried foods, but as their names indicate they also have some more specialized tastes. The cigarette beetle eats tobacco and the drugstore beetle can be found among household drugs kept in medicine cabinets.

"There are many things you can do to prevent insects from entering your home and to keep them from spreading and causing damage if they do get in," Dr. Pucat says.

She recommends buying only small amounts of foods subject to infestations, especially in the summer. All foodstuffs should be examined before storing and once stored should be inspected occasionally. Storage areas should be kept clean and dry and should be as cool as possible. Insects do not thrive below 14 degrees C.

Surplus foods should be stored in insect proof containers. Never add new food to old.

Any food found to be heavily infested should be destroyed.

"There are a number of commercial insecticides that are available to control household food pests. These should be used very carefully, following all directions and cautions on the label," Dr. Pucat says.

## Bridge to be replaced

The Wilberforce bridge on Secondary Highway 648, will be replaced with a new structure this year, the Ministry of Transportation has told Victoria-Haliburton MPP John Eakins. Deputy Minister Harold Gilbert said the project is in the final design stage, and anticipates that a contract award will be made this year.

Eakins says he is optimistic the project can be completed before the end of the year.

# Anson, Hindon and Minden Council

The third meeting of the Council of the Townships of Anson, Hindon & Minden met in the Council Chambers of the Municipal Building, Wednesday, February 8th, 1978, commencing at 9:00 a.m.

## Reeve Reg Booth In the Chair Present

Deputy-Reeve Doug Pritchard, Councillors, Alan Coneybeare, L. McKnight, Clerk Treasurer - Elinor Burke, By-law Officer, Richard C. Schell, Road Superintendent, Earl Kent.

## Adoption of Minutes

78-58 D. Pritchard - L. McKnight: That the minutes of the January 25th, 1978 meeting be approved. Carried.

## Fencing Parklands Agricultural Society

Mrs. Loretta Nesbitt, President of the Minden Agricultural Society, was in attendance to discuss a proposal concerning fencing the lands surrounding the park.

78-59 L. McKnight - D. Pritchard: That the proposal submitted by the Agricultural Society relative to fencing a portion of the parklands be approved in principle, and they be given permission to get prices and report back to council. Carried.

## Concur with Resolution County of Grey re: Education Restructuring

78-60 D. Pritchard - L. McKnight: That with concurred with the resolution of the County of Grey requesting the Minister of Education to consider re-structuring the present

system of local boards of Education to make the Ontario Educational System more responsive to the people. Carried.

## Water Lot Approval Pt. Lot 24, Con. 3 Minden Wm. Ullenbaum

78-61 L. McKnight - D. Pritchard: That the application to occupy a water lot fronting part lot 24, conc. 3, Minden Twp. submitted by William Ullenbaum be approved on the condition that the Municipality will incur no liability for the facility and that no filling in of the lake will be permitted and further that any subsequent docking additions must be in compliance with all municipal regulations including the issuance of a building permit. Carried.

## Water Lot Approval Pt. Lot 9, Con. 9 Minden E. Crawford

78-62 D. Pritchard - L. McKnight: That the application to occupy a water lot fronting Part Lot 9, Con. 9, Minden Twp. submitted by E.K. Crawford be approved on the condition that the Municipality will incur no liability for the facility and that no filling in of the lake will be permitted and further that any subsequent docking additions must be in compliance with all municipal regulations including the issuance of a building permit. Carried.

## Water Lot Approval Pt. Lot 2, Con. A Anson Township N. Warankie

78-63 L. McKnight - D. Pritchard: That the application to occupy a water lot fronting on Part Lot 2, Con. A, Anson Township, submitted by N. Warankie be approved on the condition that the Municipality will incur no liability for the facility and that no filling in of the lake will be permitted and further that any subsequent docking additions must be in compliance with all municipal regulations including the issuance of a building permit. Carried.

## Water Lot Approval Pt. Lot 6, Con. 8 Minden - C. Jarolimek

78-64 D. Pritchard - L. McKnight: That the application to occupy a water lot fronting on Part Lot 6, Con. 8, Minden

Twp. submitted by C. Jarolimek be approved on the condition that the Municipality will incur no liability for the facility and that no filling in of the lake will be permitted and further that any subsequent docking additions must be in compliance with all municipal regulations including the issuance of a building permit. Carried.

## Building Permit re: Senior Citizens Apts.

78-65 D. Pritchard - L. McKnight: That a building permit be issued without delay to Ontario Housing Corporation relative to the Senior Citizens Apartments in part of lots 4 & 5, Con. A, Minden Twp. pursuant to Section 4.3 of By-law 14-67 as amended. Carried.

## Membership Fee Assoc. of Comm. of Adjustments

78-66 L. McKnight - D. Pritchard: That we remit the 1978 membership fee of \$20. to the Provincial (Ontario) Association of Committees of Adjustment and Land Division Committees. Carried.

## Waive condition Sev. App. 162/76 H. Ellison

Pursuant to Mr. D.J. Finn's attendance to discuss a severance application and a related condition placed thereon, the following resolution was passed.

78-67 D. Pritchard - A. Coneybeare: That the condition regarding the road and obtaining title thereto be waived on severance application No. 162/76. Carried.

## Draft Agreement Glenhurst Corp. Lot 31, Con. 4 - Minden

78-68 A. Coneybeare - L. McKnight: That the draft agreement as presented to council be accepted and the developer's signature be obtained thereon. This agreement applies to a draft plan of subdivision in Part of Lot 31, Con. 4, Minden Twp. Carried.

## Proposed "Participation" Park by Kinsmen Club

Mr. Earl Hewitt, Richard Kirkwood and Mr. Tom Prentice, President of the Kinsmen Club were present to discuss mutual matters pertaining to the proposed park project.

submitted by the Kinsmen Club relative to establishing a "participation park" in Part Lot 3, and 4, Con. A, Minden, subject to the various approvals and satisfaction of the residents concerned. Carried.

## Library Board Budget 1978

Mrs. Irene Moore was in attendance to present the proposed Library board budget.

78-70 L. McKnight - A. Coneybeare: That we accept the budget submitted by the Minden Library Board for 1978 in the amount of \$1,401.00 and further be it resolved that any resulting decrease in actual expenditures be donated to the Library-Museum Fund providing such donation does not permit the total budget to exceed the approved amount. Carried.

## Proposed Severances Pt. Lot 16, Con. 5 - Minden Bruce Nesbitt

Mr. Bruce Nesbitt presented an outline of proposed severances to Council for consideration.

78-71 D. Pritchard - L. McKnight: That council grants permission to the proposal submitted by Bruce Nesbitt relative to severances and further that no additional lots be permitted in Lot 16, Con. 5

Minden Twp. Carried.

## General Accounts Approval 78-72 L. McKnight - A. Coneybeare: That the accounts be approved in the following amounts:

General: \$41,896.52 Carried

## Request M. of E. to operate Water & Sewage Projects

78-73 A. Coneybeare - L. McKnight: That we request the Ministry of the Environment to operate project numbers 1-0185 and 6-0081 and further the Chief Operator and Operator be required to reside within our municipal boundaries. Carried.

## Proposed re-zoning Pt. Lot 3, Con. 5 Anson Twp. RU to GCA

Mr. John Roland and Mr. D.J. Finn were in attendance concerning a proposed re-zoning to permit specialized welding.

78-74 D. Pritchard - L. McKnight: That a portion of property in part of Lot 3, Con. 5, Anson Twp., be rezoned from RU (Rural) to GCA (General Commercial A) and the necessary by-law be prepared for the next meeting of council and further the area to be re-zoned shall abutt Lot 2, and shall measure 510 feet x 420. Carried.

## Electrical Repair Basement Mun. Bldg.

The following resolution was passed as an initial step to renovate the old ambulance quarters.

78-75 D. Pritchard - A. Coneybeare: That we accept the invitational tender of Werner's Electric for the electrical renovations to the basement of the municipal building at a cost of \$396.00. Carried.

## Delivery of the Travelling Incubator

The Travelling Incubator was delivered and displayed for Council's viewing prior to being transferred to the Minden Red Cross Hospital for housing.

## Ambulance Wage Review

78-76 A. Coneybeare - L. McKnight: Council hereby authorizes the basic rate of the Ambulance permanent staff be increased by the same percentage rate as other municipal employees. Said rate to be arrived at by the Clerk-Treasurer figuring out rate increases for the years 1976-77-78. New rate if approved to be retroactive to Jan. 1, 1978. Carried.

## Adjournment

78-77 D. Pritchard - A. Coneybeare: That we do now adjourn. Time 1:35 p.m. Carried.

## MUNICIPALITY OF DYSART ET AL

## Ontario may lose its younger generation of farmers

Bradford - Ontario may lose its younger generation of farmers, Bill Benson, second vice-president of the Ontario Federation of Agriculture, told the Bradford Lions Club this week.

"Ontario agriculture is in serious trouble," said Benson, a 32 year old, Wellington County beef farmer. "It's difficult enough for someone who is established. For the younger farmer, or someone who wants to get started, it's

almost impossible."

Benson explained that, while farm gate prices increased by 73 percent between 1969 and 1976, the cost of land and buildings went up 178 percent.

"To get into farming today, you need an investment of between \$200,000 and \$400,000. Farm incomes have fallen for three years in a row. If you don't own your farm, you will be lucky to make the interest payments."

Benson pointed out that Canadians have one of the lowest cost sources of food in the world. The percentage of disposable income that Canadians spend for food at home has dropped from 20 percent in 1947 to 13.6 percent in 1976.

"If Canadians want to keep an inexpensive source of food, they had better make sure we have future generations of farmers to provide it," Benson concluded.

A SUNNY COLUMN

This week, for a change, I'd like to write a nice, warm, sunny column, after bleating piteously in the last one about our dreadful Canadian winters.

It's difficult. There's a raging blizzard howling around the house. The wind moans, then wails, and then shrieks in frustration as it can't quite knock down the sturdy brick structure.

If I'd been like the first two little pigs, my dwelling would be flat by now, and I'd be blowing across the fields like a tumbling tumbleweed.

Couldn't make it to work this morning. Managed to get the old '67 Dodge started, barreled through a drift on to the road, couldn't make the hill, backed down, got stuck while turning, was pushed out, went the long way around, drove for a bit in pure whiteouts, finally put my tail between my legs, or came to my senses, crept home, rammed the old buggy into a drift, and dived into the house.

My crazy wife, booted and scarved and helmeted, was

just starting off for the eye doctor's, five blocks away. She thinks I make too much fuss about the weather, mainly because she stays in when it's dirty, and I'm the one who digs the car out every morning.

I told her to go ahead, but I wasn't driving her down. She stepped out the back door, in the lee of the house, and declared it wasn't bad at all, that she'd walk, implying by tone and expression that I was a big chicken, and that she, raised on a farm, was of the real pioneer stock who didn't let a little 40-mile wind bother them.

"Go ahead, enjoy," I suggested. She stuck her nose in the air, sailed out the back walk, got to the corner, turned purple and almost went flying off like a seagull caught in a squall.

When she crawled back in, panting, I said it might be a good idea to call the doctor. She did and learned that he, sensible man, had started for town, turned around and gone home for the day, and all appointments were cancelled.

If she'd tried to make it to his office and back, we'd have found her dead in a drift, in about three days.

From my second-floor window, the only one that isn't frosted over, I watch the show. One bewildered bird, tail blown inside out, goes by on the wind like an arrow, slams into a tree, grasps a branch, is caught again by the monster and tossed out of sight into the spindrift. Must be some sort of a miniature turkey, who didn't know

enough to go south with the rest of the folks, and thinks he has it soft because somebody is gorging him daily at a feeder.

Wham! Thunk! One of the shutters has torn loose, swings open against the window frame, then slams back against the brick wall. This goes on at irregular intervals all day. My wife knows perfectly well that when the wind dies, the shutter will be in the half-closed position, a real eye-sore, and that nobody is going to wade through the snow with a ladder and fasten it back.

I gently remind her that the same shutter blew off completely last winter, and lay near the front steps until well into September before being put back up.

"Rrrrowrrr!" There goes a snowmobile, hell-for-leather, with someone who thinks he's Captain Marvel at the wheel. If somebody comes out of a sidestreec, that embryonic Evel Knievel will go straight into him at 40 miles an hour. Oh, well. One less.

No cars about now, after a few idiots tried to make the hill, and all wound up backing ignominiously down.

There goes the oil truck, lumbering through. Wish I owned about four of those and I'd be sitting in my southern condominium right now, chortling as I waited for the mail to arrive so I could count my cheques.

Taxi company has obviously taken the phone off the hook. Don't blame them. Send a driver out for a dollar and a half call to some crazy old lady who wants to go

shopping, and wind up with a \$15 towing bill.

There goes another tow truck. They're having a field day. And they can have it. I'm happy, sitting snugly at home, waiting for the soup to boil. Called the school. Hardly anybody there. But we teachers are like the Pony Express. We're supposed to get through. I could walk. It's only a mile, uphill, and I'd probably only get a heart attack or pneumonia. They'll probably dock me a day's pay for not trying to get through in my car and going in the ditch or running down a pedestrian.

There's that poor devil down the street, shovelling. Every time I look out this window, he's shovelling, tirelessly. Can never be sure he's real. More like a ghost who has been assigned this job for eternity, instead of coal in the Other Place. This is worse.

Wife worries about sister-in-law, living alone in the country. Worries about her father, hoping he won't try to get around the rural mail route today. Worries about her daughter, who must bundle herself and the boys up and venture into the storm to deliver them to day care, herself to practice teaching assignment.

Tell her not to worry. There's nowt we can do about it. In fact I am rather enjoying the storm, the cut-off feeling. The not going to work feeling.

A good storm is rather like a purge. Cleanses the spirit of the daily grumbling about the weather.

## Remote cottaging is popular in the North

No running water. No hydro. Earth-pit privies. Sounds like pioneer living and it's close to it, but that's what remote cottaging is all about.

Since the Ministry of Natural Resources introduced its remote cottaging program in 1975, hundreds of modern peioncers have taken advantage of the no-frills hide-aways offered in Ontario's north.

The remote lots are situated north of the French and Mattawa Rivers and are approximately one acre in size. Popular locations are in the vicinity of Kenora, Thunder Bay, Cochrane, and Sault Ste. Marie.

Even some of Ontario's hardest vacationers might be expected to balk at spending holidays at a cottage where drinking water and wash water must be toted from the lake by pail or drawn from a hand-pumped well, and the only convenience is an earth pit toilet.

But the enthusiasm is there, because at the end of 1977 the ministry had leased more than 430 remote lots since the program began.

For the privilege of roughing it in the bush, the ministry charges its lessees a yearly rental fee of \$100 for shoreline property and \$50 for the less popular inland lot. The lakeshore properties are accessible only by canoe, snowmobile, airplane or all-terrain vehicle.

As the lots become available, draws are held at district offices of the ministry following advertising in the local press and direct notification by letter to all persons who have previously expressed to a district office their interest in obtaining a remote cottage lot.

Some offices issue a prospectus which contains information relating to the procedure to be followed in the draw, and sketches showing the exact location of each lot.

Also included is an application for registration which must be completed so the applicant can be registered for the draw.

At the public draws, applicants names (or numbered tags corresponding with names) are placed in a drum and drawn like raffle tickets.

The first person whose tag is drawn chooses one of the lots offered, the second gets his choice of the remaining lots, and so on until all lots have a winner.

Usually, two or three additional tags are drawn to identify "standby" applicants who could become eligible should one or more of the winners decide against picking up the lot.

Before apply for a lot, certain requirements are necessary. The applicant must be a resident of Ontario, and at least 18 years of age. He or

she may not lease or own another summer cottage lot which comes under the regulations of The Public Lands Act. Neither the applicant nor the applicant's immediate family - spouse, dependent child or supporting parent may be the holder of a land use permit for any private recreational use.

Persons who are chosen for the draw must be in personal attendance to make their selection and will be required either to make an application for a land use permit or complete an agreement to lease depending on their preference. The land use permit is re-issuable yearly, and the Crown lease runs for a period of 10 years.

The basic cost is the same for each, an initial application fee of \$50 and a rental fee of \$100 yearly. A Crown lease requires a survey to be provided at the expense of the lessee. Such terms of tenure provide for a use of the land in the interim until a longer term plan for the natural resources of the lake is developed.

"This program supplies a large public demand and still remains affordable," said George Wright, district manager in Cochrane, one of the most popular areas for remote cottage lots.

"Some of the costs eliminated from conventional cottaging units are those associated with providing guaranteed public road access to the sites and the necessity of having the sites approved for a septic tank sewage treatment system," he said.

Natural Resources Minister Frank S. Miller said his ministry welcomes discussion and input from the public regarding the remote cottaging program.

"Persons wishing to contribute or comment on any aspect of Ontario's lake management plans may do so by contacting the lands supervisor at their nearest district or regional office," Mr. Miller said.

## Tim Hughes of Minden chosen bowling coach

Mr. Tim Hughes of Minden has been chosen coach of the Carling O'Keefe Mixed Team

(zone finalists) to replace Earl Goodman of Bancroft who passed away suddenly. He will join Ron Robinson, coach of the Men's Team and Ross Wilson of Fenelon who coaches the Ladies team at Hamilton for the Provincial Bowling Championships.

## THANK YOU

Dear Friends:  
All of your phone calls, cards, flowers, visits and prayers have given us great comfort and consolation in the recent loss of a loving husband, father, grandfather and brother, Jack Robertson.

We especially appreciated the Masonic Service and the attendance of the whole Rotary Club.

To Dr. Pierce, Wayne Wood and the nurses here, a big thank you, but a very special thanks to Dr. Tovic and the nurses in Intensive Care in Civic Hospital, who worked so hard to make Jack comfortable for those awful ten days.

To Rev. Don Nicholson who came to see Jack and constantly strengthened me through prayer and who preached the most comforting funeral service - our deepest thanks. Also to the ladies of the U.C.W. who served the lovely lunch.

Who could forget the many donations of food, offers of accommodation and even "sitters" for the younger members of our family.

Your thoughtfulness in all these things will always remain a cherished memory, and help to ease our sorrow.

**Alleen, Jacqueline, Mervyn, Essie**

We would like to thank our friends, neighbours and relatives for their cards, gifts and visits on our 50th Wedding Anniversary.

A special thanks to our daughter, son-in-law and all our grandchildren for making Feb. 4th a very happy day for us.

Thanks again,  
**Gladys & Leslie Haas**  
Tory Hill

I would like to express my sincere thanks to relatives and friends for cards, letters and phone calls during the time of my broken arm. And many thanks to the hairdressers that extended their services to my customers.

I'm pleased to say that I am back to work as of Feb. 14th.

**Betty Moore**

## IN MEMORIAM

**PETHICK:** In loving memory of our dear brother Hector, who died suddenly at St. Michael's Hospital, Toronto, Ontario on Feb. 13, 1977.

Two tired eyes are sleeping. Two willing hands are still. For one who suffered far too much.

Is resting in God's will. You never said goodbye to us. For perhaps it's just as well. We never could have said goodbye.

To One we loved so well.

Sadly missed never to be forgotten.  
**Leo, Jean & Teresa**

**MCPhail:** In memory of Delbert Wilson, who entered into rest on Feb. 17, 1971.

Resting where no shadows fall  
In peaceful sleep, he awaits us all.  
God will link the broken chain  
When one by one we meet again.

Sadly missed by,  
**wife, Frances & family**

# Report from Parliament

by William C. Scott, M.P.

FEBRUARY 10, 1978

Premier William Davis made it official last week when he told an audience in Toronto that he would not be stamped into making Ontario an officially bilingual Province.

Davis was answering critics in the Federal Liberal Party who have long complained that Ontario should be leading the way for the other Provinces in promoting official bilingualism. Predictably, Federal Cabinet Minister Marc Lalonde accused Bill Davis of playing into the hands of Quebec Premier Rene Levesque in not declaring Ontario a bilingual Province.

Premier Davis took the only course open to him in a purely practical sense, and I agree wholeheartedly with his stand. Official bilingualism in Ontario would be as divisive as it has been on the Federal level, and Davis said that it would not serve national unity to divide Ontario into opposing English-French factions. The Ontario Premier gave his assurance that the Province would provide further French rights as needed in the future, in areas of substantial francophone population.

It is clear to everyone by now that official bilingualism has been a monumental failure, both from a standpoint of cost and in the almost total destruction of human relations across our country. More than a billion dollars have been squandered in the past three years alone on the Federal bilingualism program, and this at a time when more than one million Canadians are looking for jobs.

Cabinet Ministers Marc Lalonde and John Roberts, and others such as Jean Luc Pepin and Jean Chretien have kept up a constant barrage of criticism of the Davis Government for not declaring Ontario an officially bilingual Province. At the same time, those same people, and Prime Minister Trudeau, are encouraging unilingualism in Quebec. This is pure deceit.

Secretary of State John Roberts has been financing a group of radicals calling themselves the Association of Francophones in Ontario, and claiming to represent all Francophones in the Province. In 1975 this Association received at least 300,000 dollars from the Secretary of State to assist the group in agitating against the established Government in Ontario.

Like the vast majority of people who spend a good deal of their time criticizing Ontario and its people and Government, the Director General of the Association of Francophones in Ontario, Remi Beauregard, is not even an Ontarian. He is a Quebecer, and lives in Pointe Gatineau, Quebec.

It should be noted when considering Premier Davis' announcement on official bilingualism that the Francophone population in Ontario is declining year by year. In 1971, for instance, Francophones accounted for 6.3 per cent of the population of Ontario, while in 1976 it had dropped to 5.7 per cent. By way of contrast, other ethnic groups (other than English-speaking) accounted for 16 per cent, or three times the number of Francophones.

Davis told his Toronto audience that the ill-informed comments from Ottawa were even more destructive to national unity than comments from the Provincial Liberals and New Democrats. Both Liberal Leader Stuart Smith and NDP leader Mike Cassidy insist the Ontario should be made officially bilingual.

Premier Davis also said that he would leave "Self-serving proclamations to our Federal friends, and pursue instead people-serving French language services in Ontario."

It would be a mistake to assume that the criticism, agitating and name-calling are now a thing of the past, but, Premier Davis has shown that he cannot be pushed into ill-advised and counter productive legislation by self interest groups or individuals.

**HALIBURTON ROTARY  
WINTER CARNIVAL**

Wednesday , February 15, 1978 Carnival supplement to :

**THE HALIBURTON COUNTY ECHO  
AND MINDEN RECORDER**

**BRIAN BLACK**

At this time I would like to welcome everyone to the Haliburton Winter Carnival and to the Haliburton Highlands area. It is our aim to have as many participation events and also as many spectator events as possible.

There has been a great deal of work put into this carnival by many organizations, and we hope that you will take in as many events and meals as you can to help make this carnival a success.

The entire weekend is filled with things to see and do and for more information you can refer to the programme in the centre of this paper.

We hope that everyone has an enjoyable weekend and thank you for supporting the Haliburton Winter Carnival.

**Brian Black, - Chairman  
Haliburton Winter Carnival**

**Haliburton Rotary Club**

## Ice fishing derby is

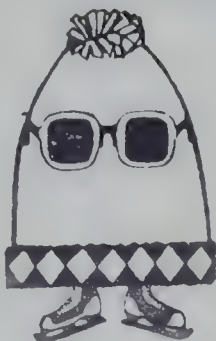

### a new event

For all of you fishermen who like to fish through the ice you have the opportunity to enjoy your favourite sport and win a trophy by entering the Fish Derby Contest which is an added feature to this year's Haliburton Rotary Winter Carnival.

The Fish Derby which is open to everyone will receive the Labatt's Trophy for the largest trout caught in any lake in Haliburton County. The contest will run from Friday morning until Sunday at 2:00 p.m.

The weigh in will be at Haliburton Red and White on Friday and Saturday from 9 a.m. to 6 p.m. and on Sunday from noon to 2 p.m.

Let's hope that as many as possible will participate in this Fish Derby and we look forward to seeing some big trout caught. Those big fish are in our lakes, and all you have to do is go out and catch them.

## Carnival chatter

We would hope that everyone in Haliburton have left their outside Christmas tree lights up. Please make sure they are lit up for the weekend of the Winter Carnival. They add a lot of color to the weekend.

The Carnival Headquarters will be set up at Curry Motors Showroom, on the main street on Friday and Saturday. On Sunday the headquarters will be moved to the Labatt's Van.

Anyone who is seeking information on the Carnival should go directly to the carnival headquarters.

Many local citizens have been calling for more public

skating at the Haliburton arena. The Kinsmen Club of Haliburton have decided to do something about it. They are sponsoring free public skating this Sunday in conjunction with the Winter Carnival from 4 p.m. to 6 p.m. We hope that visitors and local residents will turn out in large numbers for two hours of free skating. It's good for your figure and your health. The Kinsmen members tell us that if this turns out to be a success they will sponsor more free skating as time goes on at the Arena.

After you attend this year's winter carnival we are sure that the Rotary Club would

only be too happy to hear your comments and what suggestions you may have on how to improve future carnivals. Why not drop the Rotary Club a letter or let us know here at The Echo and we will pass the word along to the Carnival committee.

We have mentioned it before, but we can't stress the fact too much that we hope a large crowd will turn out for the Toquepic Kick-off dance at the Legion Hall on Friday night starting at 9:00 p.m. The number who have turned out for this dance in the past two or three years has been anything but encouraging.

## Bed races could be a way to find excitement

Every armchair athlete will be put to shame on Carnival weekend by a different breed of competitor - the bed racer.

Rapidly becoming a famous and crowd pleasing sport, bed racing calls out the best in athletes. Come out yourself on Saturday at 1:00 p.m. to see the successes and failures of those new at the sport participating in the Annual Haliburton Rotary Bed Racing Championships.

The course will be run from the United Church to the stoplight in Haliburton. Racers will be dressed in whatever manner they decide best brings out the carnival spirit.

The rules of the bed race are simple, and leave a lot of room for individual imagination, both in dress and in vehicle construction.

Each bed must be mounted on wheels or skis or any combination thereof. No motorized power of any kind is to be used and that includes pedalling power.

The races must push the bed, or manouver it in whatever way they can by brute force and sheer awkwardness to the finish line. There are five team members, four pushing and the last riding, under the covers on the bed.

This first time event in Haliburton should have lots of surprises, and is sure to be entertaining.

# Haliburton - a friendly place

Hospitality at its best, this is what you can expect when you come to Haliburton for the 10th Annual Haliburton Rotary Winter Carnival which will be held this weekend Friday, Saturday and Sun-

day, February 17, 18th and 19th.

We hope that you have already made your plans to attend this winter extravaganza and we are all waiting here in Haliburton to wel-

come you with open arms and we sincerely hope that we have a weekend planned packed full of entertainment, sports and good fashioned fun for each and every member of your family.

In this Winter Carnival supplement that you are now reading you will find information and photos on all the activities that will take place during the three days and we hope that on your

visit that you will drop into the business places who advertisements you will see in this issue and its through the generosity of the local merchants who have made this supplement possible.

We like to think of this upcoming weekend not only as a weekend of winter entertainment, but one in which we can all join together as visitors and local citizens of the area into one big happy family and through this, if for no other reason we hope that we will all get to know each other better.

At this time we particularly want to say that the Carnival would be a complete loss of time, if it was held for the local citizens only. It's the visitors who will be coming from all parts of Ontario who really make this annual event a success and without you it would be a very dull affair.

For many of you who will be coming to Haliburton possibly for the first time, or in many cases you have not been here since the last Winter Carnival held last February we are sure that you will notice plenty of changes that have been made in the village and following your stay we are sure that you will go home with the feeling that the village of Haliburton is on the move and great progress is being made in a world that is seeing tremendous change, day after day.

If you have the time to take an hour or so to get away from all the hoop-la of the Carnival just look around and see the many changes that have been made and the new projects already in progress. When you arrive you will notice Tripp Construction working on various streets in the village completing the second phase of the sanitary sewage system for Haliburton, on Head Lake behind the present CNR station you will notice that the fill is in and this is just the beginning of what we hope will be one of

the finest parks of its kind in Ontario, when it is finished. Tenders have been called by the Ministry of Housing for the construction of 35 Senior Citizens Units which will be built on the property across from the Anglican Church. Also in the planning stages and which should soon become a reality is the project for Low Rental Housing. Another change you will notice that the old curling arena has been torn down and a modern new curling rink has been constructed in the same location with many facilities that include in the same building squash courts.

When you enter the Dysart Community Centre you will notice many renovations and changes that have been made recently, they include a new Zamboni, Gas heaters for the convenience of the fans sitting in the stands, plexi-glass completely around the ice surface as well as new plastic boards, a new \$7,000. time clock has been donated by Pepsi Cola and the interior of the building has been repainted. Plans are now also underway for a new modern museum at Glebe Park which is situated across Head Lake from the Lakeview Centre, and the Royal Canadian Legion are expecting to put a large addition on their building in the future. You will also notice on the particular weekend the opening of many new businesses in Haliburton.

We wish to welcome everyone and we send out a personal invitation to attend this years' Haliburton Winter Carnival. The welcome mat is out and we hope that you will join us on this occasion and that when you leave to go home on Sunday afternoon, that we will leave you with a lasting impression that will present no doubt in your mind that Haliburton is not only for lovers, but for people of all ages.

Haliburton seen from Skyline Park.

## Carnival opens Friday with a full slate of events

The first day of the Haliburton Rotary Winter Carnival features opening ceremony events including the torchlight parade and crowning of the carnival queen. The Carnival starts this Friday.

The Carnival, although not officially underway until 7:30 p.m. when the Rotarians and the Kinsmen meet at the local area for a thrilling broomball game, will in fact get off the ground at 9 a.m. on Friday when the fishermen will take to the lakes to see if they can catch a big fish to enter in the Winter Carnival Fish Derby Contest. The contest with the Labatt's trophy going to the winner will continue right up until Sunday at 2:00 p.m. Weigh in will be at the Haliburton Red & White. At 3 p.m. it will be time for the ice sculpture displays and judging.

The every popular Torchlight Parade, which is always a big hit with carnival visitors and locals alike will once again be a highlight of this years' winter carnival and will be held on Friday evening at 8:15 p.m. The torchlight parade route has been changed this year and will start at the top of the mountain near the Skyline Park lookout and those taking part with their machines and torches will zig-zag their way down the mountain ending up in front of the arena. It is the feeling of the Carnival committee that by using this new route everyone in the village, no matter where they may be will have a great view of this colourful spectacle.

Following the torchlight parade a Carnival Bonfire will be held at the fairgrounds sponsored by the Haliburton Fire Department.

At 9:00 p.m. the Toquepic Kick-off dance will be held at the Legion Hall with music by the Rivels - 2.50 per person. Let's have a big turnout for this dance and get the carnival started on the right foot. While this dance is in progress at the Legion, the young people will be tripping

the light fantastic at a teen dance at the High School with music supplied by "Ash Mountain". This dance will be highlighted by the crowning of the carnival queen. Also at 9 p.m. the weekend long Hiram Walker Curling Bonspiel will get underway at the new curling rink.

## Participation will make the carnival a big success

To organize a winter carnival such as the Haliburton Rotary Winter Carnival which is coming up this weekend takes the work of a great many people. It is something that just doesn't happen, it takes weeks of planning and a great deal of work and manpower to put on a show such as the one that is coming up.

Each year this event is organized and spearheaded by the Rotary Club of Haliburton who are to be congratulated on the great job they are doing. They can't do it alone, they must have your help and support. Our thanks to such service clubs as the Kinsmen Club of Haliburton, who have stepped in and are giving an all out effort to co-operate with the Rotary Club in helping with such things as the Snowmobile Derby and the parade. Other organizations will be taking part and as far as help is concerned the more the merrier.

The success of this Winter Carnival depends on many things, but the main item has to be participation. If everyone participates it will be a great success.

If this carnival is to be a success, it will mean that every organization and every citizen will have to do their part. Finances are only a small part of any Carnival, it's the all out effort and work that will pay off in the end.

Reservations have been coming in for hotel and motel accommodations and many people have told us that they will be coming back for the Carnival. From here it looks as though we will have the people, so now it's up to us to come through with a first class show.

After looking over the great program that has been lined up, we can only say that Haliburton is the place to be this weekend.

This will mark the tenth year of the Haliburton Winter Carnival and we are looking forward to seeing you all right here in Haliburton, the Hub of the Highlands.

## Haliburton —

## Where the action is

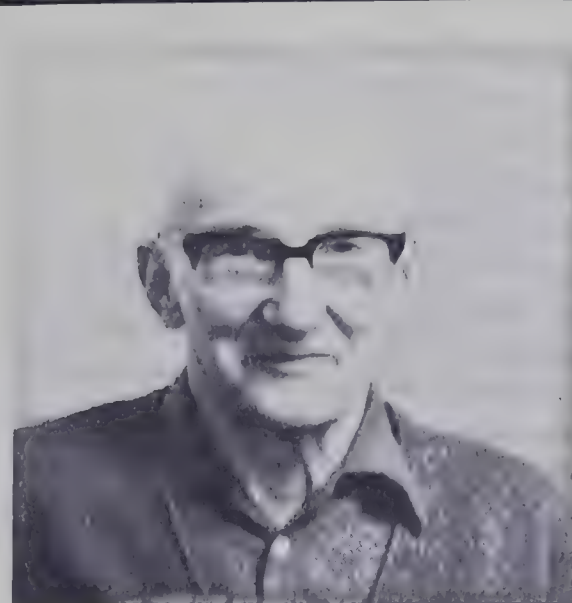

Haliburton is where the action will be this weekend and everything is set to go for the 1978 Haliburton Winter Carnival.

Carnival chairman, Brian Black, along with the rest of the members of the Haliburton Rotary Club have been burning the midnight oil in an effort to come up with what we hope will be a weekend that will furnish plenty of fun and entertainment for old and young alike.

The big weekend gets underway at 3 p.m. Friday with the judging of the ice sculpture display.

From that time on it will be all fun for those who want to participate. There will be snowmobile races, snowmobile drags, a torchlight parade, a regular parade, displays, bake sales, plenty to eat, dances, a hockey tournament, a bed race and many more events.

We say welcome to Haliburton this weekend, and may your visit be one that will long be remembered.

JACK ROBERTSON

There is one member of the Rotary Club of Haliburton who will not be taking his usual active part in this years' Haliburton Rotary Winter Carnival. His name is Jack Robertson, a charter member of the Rotary Club, who passed away at the Peterborough Civic Hospital on Tuesday, February 7th at the age of 76.

Jack has been one of the most active members of the Club since it was first started, serving not only as secretary-treasurer, but was always on hand to help with every Rotary project and event. He was particularly active helping with the various Rotary Carnival Events and right up to the very end he was the man mainly in charge of collecting the donations from the local merchants to help defray the costs of running this annual event.

He will really be missed and the Winter Carnival just won't seem to be the same without him.

**DAVID L. GRAY, PRESIDENT  
ROTARY CLUB OF HALIBURTON**

A word of welcome to all who have come to participate in the activities of the 1978 edition of the Haliburton Winter Carnival.

The number of diverse events requires the work and co-operation of several organizations in the community as well as your participation in order to make this a successful week-end.

On behalf of all Rotarians, I would like to thank all those organizations, businesses, and individuals who have generously donated time and money to ensure the success of the Carnival. The Rotary Club appreciates your support which will enable it to continue its various service projects.

Sincerely,  
David L. Gray, President  
Rotary Club of Haliburton  
Ontario, Canada, INC.

## Broomball

### Rotary vs Kinsmen

If you really want to get a good laugh and see some excitement, that will put you in the right frame of mind for the Haliburton Rotary Winter Carnival, why not make plans now to be at the Dysart Community Centre on Friday night at 7:30 p.m.

At this time the Haliburton Rotarians and the Haliburton Kinsmen will take to the ice in a good old friendly game of broomball. If you have ever watched a broomball game before you can just imagine all the fun that will take place at this game on Friday night.

Both of these local service clubs are taking the game very serious, and this challenge game should prove to be packed full of action every minute of the game.

Although both of these service clubs work hand in hand for the betterment of the community, and are doing fine work in carrying out local projects, and helping out many a worthy cause, this does not mean that one club won't be going all out to be the winner in this very important contest.

Word has reached us that a local sports authority who is in the know, claims that both clubs are in top notch condition for the game, so we hope we won't hear of any excuses from the losers such as poor refereeing, etc.

Why not make it a point right now to bring along the entire family, for an evening of thrills and spills. When we talk of spills, we expect that many of the players will be off their feet more than they are on them. See you at the game.

# How it all began

This weekend will mark the 10th anniversary of the Haliburton Winter Carnival. Many of you we are sure are interested in knowing just how it all began. It's a long story, and we are going to take you back ten years and explain the trials and tribulations faced by the organizers trying to get the first Winter Carnival off the ground.

For years and years prior to 1969 the Rotary Club, local citizens and various organizations talked about staging a winter carnival, but it seemed that it was all talk and no one was doing much about it. It had come to the point that everyone seemed to give up on the idea, until November of 1968 when Wayne Wood the present clerk-administrator for the Municipality of Dysart et al took it upon himself to call a meeting of interested citizens to see if we could get a winter carnival organized. Twenty people turned out including six members of the Rotary Club, Peter Curry, Art Ward, Cliff Dawson, Grant Rae, Rae McKinnon, Bob Bishop, Jr., and other interested citizens. It was Art Ward and Peter Curry who were elected to be co-chairmen for the vent. Both of these gentlemen worked very hard in their efforts to get it put together.

When we look back it was Art Ward, who had just recently moved to Haliburton, who was the man who should received most of the credit in the first year of the carnival operation. Art being the type of progressive man that never looks back and when the situation looked gloomy, he stuck to his guns, when the cars seemed to be stacked against him and it made things that much harder when the doubters came out of the woodwork claiming it couldn't be done. Art who is a great promoter and worker in the community pulled out all the stops and said it's now or never. Working hand in hand with his co-chairman Peter Curry they rallied all the organizations in Haliburton and surrounding

area together and they all stated they were behind the carnival one hundred per cent and would be on hand to help out in anyway possible.

The show was finally on the road and for the first five years it was operated by all the various organizations in the community, but the past five years it has been sponsored by the Rotary Club of Haliburton.

The Carnival headquarters were set up in the old Grand Central Hotel on the main street which was vacant at that time, but Dr. Fred Griffith who owned the building later turned it into a Department store offered the committee one section of the building to set up their office.

The dates were set for the third week in January and after months of hard work and preparation the show was ready to go on the road. When we got out of bed on the Friday morning of the first winter carnival, the weather conditions were so bad, that we felt like sitting down and saying what's the use. It was raining cats and dogs and it never let up all day long completely demolishing the Ice Sculptures. It was in the afternoon with the rain still coming down when a decision had to be made whether to take a chance and go ahead or cancel it. Co-Chairmen Art Ward and Peter Curry were on the spot in trying to know just what to do. What a decision it was. Half of the people wanted it called off while the other half said let's go ahead and take our chances. Later on in the afternoon it was decided rain or no rain the carnival would go on as scheduled. The tide started to turn on Friday evening when the rain ceased to fall and it turned colder and by Saturday it was really cold and the carnival was underway.

John Beachli donated a gas fired heater to heat the office and Betty Hodgson donated her services as the headquarters secretary. She worked very hard handing out free coffee, answering the

phone, writing letters and sending out news releases to radio and the newspapers. Betty who was a great help continued on in this capacity for the next two or three years. A loud speaker system was set up outside the committee headquarters player lively music that caused quite a stir and some of the local people who were caught up in the excitement were dancing on the main street. Roy Brohm who was reeve at that time came over to the committee headquarters and along with Art Ward officially opened the first winter carnival.

For the first two or three years it was held in the third week of January, but each year the Carnival seemed to run into adverse weather conditions. Later on it was decided to change the dates from January to the third week in February, which proved to be a good move. The second year of the carnival the campaign headquarters were moved to the present office of Gary Vasey Real Estate which was at that time vacant and through the generosity of Les Hughes the carnival office was set up here. The third year the headquarters were set up in a van parked on the main street. One of the main features for the first two or three carnivals was a roast beaver breakfast put on at the Legion Hall by the Department of Lands and Forests.

In conversation with Art Ward this week we asked him what changes he would like to see made for the future winter carnivals here in Haliburton. He told us that there are two definite things he would like to see. One would be to expand the carnival from a three day event to a week long activity, and he would like to see more organizations in the community get involved so that they could sponsor special activities.

The Haliburton Winter Carnival has come a long way in ten years, but we must be constantly looking for new and better ideas to improve on this annual event.

# Toquepic Talk

For the past few weeks you have been hearing a lot from me about the 10th Annual Haliburton Rotary Winter Carnival, which is coming up this weekend. I don't know about you, but I can hardly wait for the big moment to arrive.

In my Toquepic Talk columns, I have tried to keep you up to date on what you can expect to do, and see when you come to the Carnival. It has been impossible during the few weeks that I have been talking to you to cover every aspect of this great winter event, but as this will be my final column for this year, I want to remind you that the remainder of the information I was unable to supply you with can all be found in this special Haliburton Rotary Winter Supplement.

I personally will be around all week attending as many events as my tight schedule will permit. It is my hope that I will have the opportunity to meet each and everyone of you and welcome you to this great area of our County.

There is one thing that you can count on and that is the fact that you will be seeing me in the parade, and at some of the dance, on the street, and just imagine in many of the store windows around town. I will certainly be a busy chap for three days.

During the nine years that the Winter Carnival has been held, I am only too pleased to say that I have been part of it and you have seen more of me than probably anyone else in the area.

The only regret that I have is that following Sunday, I will have to leave you until the next Winter Carnival in 1979. This is the only weekend that I have to look forward to that I can kick my heels up, and go out and have a good time. Well when I come to think of it, one cannot expect every night to be New Years' Eve.

I want you all to know that I have enjoyed talking to you each week in this newspaper, but now I have to say goodbye with all my chatter until next year.

Before I put my typewriter away, may I say that I will be looking forward to seeing you at the Winter Carnival this weekend. Participate and enjoy yourselves.

This is your old friend Toquepic saying goodbye, and so long for now.

Snow sculpture judging.

## Fourdances on weekend

There will be four big dances to keep everyone on their toes on Carnival weekend. So line up your wife or favourite girl friend and make a date right away to take in one or two of these dances.

On Friday night, at 9:00 p.m. It's the annual Toquepic Kick-off Dance at the Legion Hall with music by "The Rivals" down at the High School at the same time the Teen Dance will be in full swing and the teenagers will be rocking and rolling to the music of "Ash Mountain."

On Saturday night, at 8:30

p.m. the dancers will be swinging and swaying to the music of Carm Peters and his Uptown Country Band at the Carnival dance at the Legion Hall. Across the street at the Dysart Community Centre Auditorium the Haliburton Chalkdusters will be sponsoring a dance at 8:30 p.m. with a Disc Jockey in attendance.

If you are in the mood for dancing, here's your opportunity with four big dances to choose from. Get your dancing shoes on, because there's music in the air.

## Eat to your hearts content

There will be plenty of good food and entertainment available at this years Haliburton Rotary 10th Annual Winter Carnival. Starting Friday night at the Legion Hall a terrific live group has been booked from Peterborough called "The Rivals" starting at 8:30 p.m. This group comes highly recommended and will provide a great evening of entertainment.

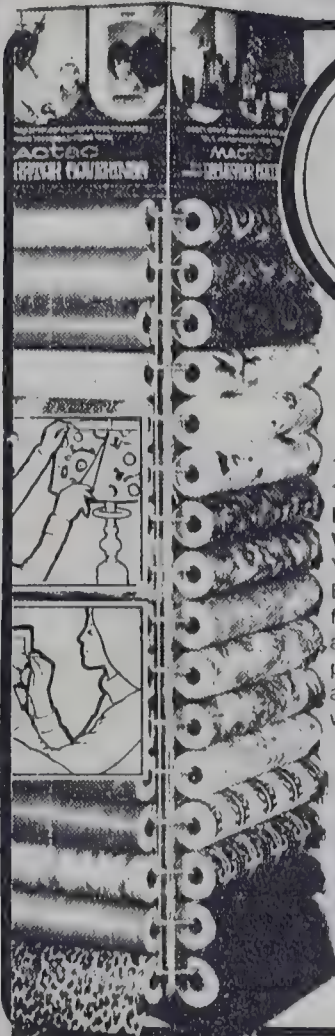

On Saturday morning a Pancake Breakfast will be served from 7:30 to 10:00 a.m. at the Legion Hall. At 12:00 noon a Luncheon Buffet will be held at the Anglican Church at \$2.50 for adults and \$1.50 for children.

At 2:30 p.m. Saturday afternoon a Bake Sale will be held in the Curry Motors Showroom sponsored by the Highland Chapter of the Eastern Star.

At 6:00 p.m. Reception and Dinner at the Legion Hall will be available at \$3.75 per person for dinner and \$2.00 for the Dance. On Sunday a Luncheon will be put on at the Haliburton Highlands Secondary School at 12:30 p.m. at \$2.00 per person.

## Dress up your windows

In an effort to promote this years' Winter Carnival the Rotary Club are offering prizes for best window displays by the local merchants in the village.

In a tour around town, we have noticed up to this time, that not too many merchants have taken the time to decorate their windows to help promote this occasion. Let's all make it a point to see that our store windows are decorated for all the local citizens as well as our visitors to view. It will all go to prove that we are in the carnival spirit, and out to promote this great winter event.

As we have said, in many of the write ups on the carnival, it's participation that is going to either make or break this years' carnival. So let's start participating in whatever manner we can. Let's not all sit back on the sidelines, let's get into the game.

The winners of the best merchant window display will be announced on Friday, at 3:00 p.m.

One of Patti Pages biggest hits was "How much is that doggie in the window." To have a good display we are not suggesting that you put a dog in the window, but use your own imagination and put together a window display that ties in with the carnival.

## Snowmobile races will be popular

Once again as in past years, snowmobile races will probably attract many spectators. This popular event is scheduled to start Saturday at 10 a.m. with the timed drags on the packed track on head lake in front of the government dock. The competitors will be trying for the Labatt's awards. This event is sponsored by the Kinsmen Club of Haliburton.

### ENTRIES

250 fan, 250 F/A and Liquid, 250 modified; 340 fan, 340 F/A and Liquid, 340 Modified; 440 fan, 440 F/A and Liquid, 440 Modified.

Sunday at 12:00 p.m. will feature races on the oval track with the same machine re-

quirements as above. There will also be the ball and shovel race that provides many a laugh for the spectators. The trophies will once again be supplied by Labatts. The Echo cup race will also be run on Sunday. This event is a 5 km. cross country race that will start and finish on Head Lake. The Kinsmen have been working hard all week to prepare the track and Pat Kennedy informed us that the track should be in good shape come carnival day. The admission to the event is only \$1.00 for children and \$2.00 for adults with all proceeds going to Kinsmen community projects.

## Best Wishes for a Successful HALIBURTON ROTARY WINTER CARNIVAL

Free sleigh rides as shown above, will be quite an attraction for the children who will be attending this years' Haliburton Rotary Winter Carnival. Make sure you

have your kids at the Government Dock on Head Lake on Saturday or Sunday for the ever popular hay rides.

## Chalkduster Tourney will be in full swing

The teams and schedule for the 2nd annual Chalkdusters Tournament have been finalized. Teams from Huntsville, Norwood, Lindsay, Burlington, Owen Sound, Aldershot and two teams from our own Chalkdusters Club will be involved. The schedule will start Saturday morning with the following teams and times.

9:00 - Haliburton A squad vs. Huntsville.

10:15 - Norwood vs. Lindsay.

11:30 - Burlington vs. Hali-

burton B squad.

12:45 Aldershot vs. Owen Sound.

2:00 - Loser of the first game vs Loser of the 2nd game.

3:15 - Winner of first game vs. Winner of the 2nd game.

4:30 Loser of third game vs. Loser of Fourth Game.

6:00 Winner of the third game vs. Winner of the third

On Sunday at 11:00 the consolation winner will be

decided the championship game being played at 12:45.

On Saturday night there

will be a dance at the auditorium of the arena with music supplied by Ed White-way a local disc jockey. The dance will begin at 8:30 with an admission price of 2.00 per person. A buffet will be provided and refreshments will be available.

Proceeds from the Tournament and dance will go to the Haliburton Minor Hockey Association. Plan now to attend the game and dance on Feb. 18th and 19th as part of the Haliburton Winter Carnival of Fun.

**A JOINT ROTARY & KINSMEN EVENT**

# Saturday biggest day of '78 Carnival

The biggest day of the Haliburton Rotary Winter Carnival will be Saturday with the festivities beginning at 7:30 p.m. and ending with two dances which both start at 8:30 p.m.

For everyone who likes to get the morning off on the right foot there will be a Trappers' Pancake Breakfast at the Legion Hall beginning at 7:30 a.m. to 9:30 a.m. Among those who will miss it are some of the curlers.

At 8:00 a.m. the Hiram Walkers' Curling Bonspiel will be in full swing at the new curling rink and next door at the Dysart Community Centre starting at 9:00 a.m. hockey players will be taking to the ice to participate in the

Chalkdusters hockey tournament.

From 9:00 a.m. to 11:30 a.m. late registration will be accepted at Curry Motors showroom for the Haliburton Cross Country Ski Tour - 10 km.

Snowmobile enthusiasts will likely be interested in the timed Drag Races for snowmobiles at the Public Dock on Head Lake starting at 10 a.m. For those who would rather not watch the snowmobile races they can attend the Haliburton School of Fine Arts Sale at Lakeview Centre from 10 a.m. to 4 p.m.

Anytime from 11 a.m. to 4 p.m. carnival participants will be able to take in a free

horse drawn sleigh ride. The rides have proven to be popular with the children attending the carnival.

From 11 a.m. to 4 p.m. for all those who like to take to the air and get a great view of the village of Haliburton and surrounding area there will be helicopter rides on Head Lake (weather permitting).

For those of you who don't like to miss an opportunity to eat, there will be a carnival luncheon and buffet at St. George's Anglican Church Parish Hall at noon hour.

One of the highlights of this year's carnival will be the second annual bed race, which by the way is well worth seeing. The bed race

starts at 1:00 p.m. at the United Church and will run to the traffic lights on the main street.

After watching the bed races roll down the street you can head for the arena or main street area and watch the carnival parade which is slated to start at 2:00 p.m.

The Highland Chapter of the Eastern Star will be holding a bake sale at Curry Motors in the show room beginning at 2:30 p.m.

There will be crazy carpet rides at Victoria Street School from 2:30 p.m. to 4:30 p.m. which will be supervised. The

event is for all ages of children and refreshments will be on sale.

People who want to get in out of the cold can do so beginning at 3:00 p.m. when the friendship lounge opens at the Legion Hall. The lounge will be open until 6 p.m.

The carnival festivities will begin to wind down a little at 6:00 p.m. for some people with the carnival dinner at the Legion Hall. Following the dinner and starting at 8:30 p.m. it's the Carnival Dance

at the Legion Hall with music by Carm Peters and his Uptown Country Band. Also at 8:30 p.m. the Haliburton Chalkdusters hockey club are staging a dance at the Haliburton Community Centre with a disc jockey. So take your choice and dance til your hearts' content.

Snowmobile races at Head Lake.

The Bed Races at last years' Haliburton Rotary Winter Carnival certainly presented a great deal of excitement. This popular event is on again this year at

1:00 p.m. on Saturday. The race will begin at the United Church Parking lot, and end up at the stop lights on the main street. You won't want to miss this one.

# Rotary Club of Haliburton 1944-78

by Ronald J. Curry

There are tens of thousands of men who have been caught in this spirit of service, and through it they have brought not only great happiness to themselves but tremendous credit to the Rotary ideal. These men became aware of the friendliness and the understanding between the others in their own Rotary Clubs. Many have watched the newcomer, after his entrance into the Club gradually develop a much warmer, friendlier and more likeable disposition.

It was in that spirit that the Rotary Club of Haliburton was born. The charter members who had limited experience in Rotary provided the early suggestions for a founding club. This is a brief history of our first year and the continuing progress over the pasty thirty-four years.

On March 3, 1944, sixteen charter members attended the organization dinner at the Grant Central Hotel in Haliburton. Harmon E. Rice was the District Governor from Huntsville, Past District Governor, Dan McQuarrie of Lindsay, Bert Harton, Les Boucher and Joe Cherrier of the Huntsville Club and Max Brandon of Fenelon Falls.

The following were elected at this meeting Ron Curry, President, Bert Braden, Vice President, Tom Barry, Secretary, Chas. Haggen, Treasurer, Directors - Art Gilliam, W.O. Bailey, Clayton Hodgdon, Jack Robertson and W.R. Curry - Members - Rea Stinson - George Earle - Fred Jones - Ed Hunter - Merv Robertson - Ray Archer. Within that year nineteen additional members came into the club making a total of thirty five.

The Charter presentation was held on May 24th at Wig-A-Mog Inn, with an attendance of One Hundred and Twenty-eight Rotarians from many parts of Ontario.

Fund raising was by monthly bingos, raffle for a cottage, on Lake Kashagawigamog. The cottage was constructed by members of the club. Raffle tickets were .35c or seven for \$2.00. The first Carnival and Street Dance was on August 16th, with proceeds to be used for Crippled Children and War Services Fund.

A Health Clinic was held at the Red Cross Hospital. Thirty children were operated on by Dr. Chant, for removal of Tonsils, assisted by Dr. Jamieson of Minden and Dr. White of Lindsay. Rotary members assisted with the care of the children. Also a eye clinic with the testing of fifty-five children, nineteen requiring glasses, which were supplied by the Rotary Club. Sponsored the mass T.B. clinic where 2600 people were x-rayed and later raised \$700. by the sale of T.B. Christmas seals.

Crippled and handicapped children's survey was carried out with the assistance of the Public School Principals throughout the area. A donation of \$500.00 was made to the Sick Children's Hospital in Toronto. Donations to the Minden and Wilberforce skating rinks, sponsored by the Haliburton Citizens' Band. Two wheel chairs purchased for Crippled Children and \$1,500. to the Victory Loan campaign.

The cost to Rotarians for their meal was .55c and before the year was over it was raised to .65c. There was some concern because of the raise, but we did not lose a member. A very keen attendance contest was carried out with Captain Fred Jones for the big eaters and Captain Ed Hunter for the little morans. Only one member was absent for the month of May for a 98.53% attendance and we were first in the District.

The names of just a few of our guest speakers in 1944, Dunc Copus, Victory Loan for Ontario - Lawyer Cecil Frost on Post War Planning - Ted Deyman from Trans Canada Airlines, - Chas. La Ferle, National Director of War Services, Miss Woodsmall, World Citizens with H.Q. in Geneva, Miss Ross, Crippled Children, Leslie Frost, Provincial Treasurer, Squadron Leader Pat Morse, R.C.A.F., Pat saw service in the Battle of Britain, Dunkirk and Dieppe. He was one of those referred to by Prime Minister Churchill who said "Never was so much owed by so many to so few." Many of the men returning from overseas service were guests at our meetings.

#### CRIPPLED CHILDREN

This is and continues to be our major effort. The Hospital for Sick Children and the

Ontario Society for Crippled Children have been most co-operative. More than \$42,000 has been raised by the club over the past thirty-four years in an effort to improve the future for Crippled and Handicapped children. In 1974 the Five Counties Children's Centre, in Peterborough, was approved and the target amount of \$362,000. was raised by the nine Rotary Clubs - Our contribution was for \$15,000.00.

#### ROTARY PARK and BEACH

In 1947 our club purchased eight village lots on the lakeshore from the Canadian Land and Immigration Co. of Haliburton. Many years ago this was marsh land and was later covered with sawdust from sawmills operated on this location. Many thousands of yards of gravel was drawn to make this into the present Park, Beach. More than \$42,000.00 was spent, including the new double tennis court.

#### ROTARY HISTORIC LOCOMOTIVE

In 1960 the Railway engine was purchased and a rail line was built to the present locations. The club continues to maintain and repair the locomotive.

#### SAM SLICK PARK

This property on the southwest part of the lake adjacent to the High School was purchased in 1961 - This area has been substantially improved with fill, grading, rock walls at the creek and a foot bridge.

In 1962 we were successful in having the Provincial Government to erect a Historic Plaque commemorating the founding of the village of Haliburton on this location.

A few years ago the Caboose was located near the R.R. Tracks and is used as a Tourist Information Centre. The Club plans to plant trees which will improve this area.

#### THE HALIBURTON HIGHLANDS PIONEER MUSEUM

In 1967 the Club approved the purchase of the "John R. Reid Home" and Woodworking shop for a Museum. The museum was opened in 1968. This project has been very successful and is operated under the Province of Ontario Municipal Act by the Municipality of Dysart et al.

Plans have been completed for a new improved Museum

and building should be started within the next three months. This will require the support of the community, the municipality of Dysart et al, and the Rotary Club. Wintario have agreed to contribute half of the cost.

It is the policy of the Club to purchase and develop suitable properties, then they are conveyed to the Municipality. They have been most co-operative and we continue to work together in the improving and maintenance of the several locations.

#### YOUTH PROGRAMS

For many years the Student Citizenship Program with the Ottawa Rotary Club has made

it possible for students to visit, with many other students across Canada, our National Capital.

In the past three years we have been involved in the student exchange program throughout the world.

There is also the Group Study Exchange, this provides to outstanding young business and professional men, opportunities for studying in other countries. We have been involved with exchange groups from and to Australia, India and South Africa.

The Rotary Foundation also provides several Educational awards and Scholar-

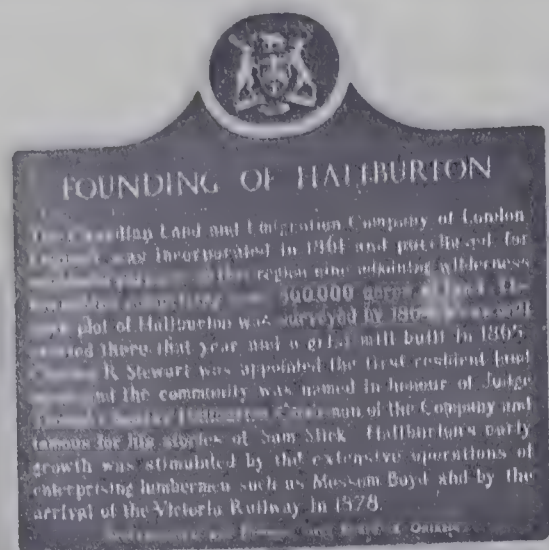

ships to many parts of the World.

#### SUPPORTING CONTRIBUTIONS

Our Club contributes and supports many other organizations, to mention a few - In 1971, \$10,000. to the new Red Cross Hospital, the new Rink \$4,500. and the recent improvement with \$5,000. Two annual Scholarships for students of the Haliburton Highlands Secondary School.

#### ROTARY STATISTICS

As of December 31, 1977 there were 17,454 Rotary Clubs with a membership of 811,000 in 152 Countries and geographical regions.

Plaque - Founding of Haliburton - Sam Slick Park.

The C.N.R. Engine was presented to the Community in 1960 by the Canadian National Railway and the Rotary Club of Haliburton.

# Events continue on Sunday as well

The Churches in Haliburton will be taking part in the Haliburton Rotary Winter Carnival by holding special services. It is noted that all those in winter attire are welcome.

For all you hockey fans a real treat is in store for you at the Haliburton Arena when the consolation and championship games of the Chalkdusters hockey tournament get underway at 11 a.m.

The Snowmobile races will continue on Sunday on the Oval Track on Head Lake for the Labatt's Awards starting at noon. The races which are sponsored by the Kinsmen Club of Haliburton will have two added features from the Saturday events. This is the Ball and Shovel Race and the 5 km. Cross Country Snowmobile Race for the Haliburton County Echo trophy.

At 12:30 p.m. it's eating time once again with a Carnival luncheon at the High School Cafeteria sponsored by the High School students.

At 3:30 p.m. Rotary President Dave Gray will step up to the microphone to thank all

those who worked so hard at the carnival and to thank everyone for attending this year's event as the final closing ceremonies will take place at the Public Dock.

Following this we hope everyone will grab their skates and head for the arena for free public skating from 4:00 p.m. to 6:00 p.m. This free skating is through the courtesy of the Kinsmen Club of Haliburton.

## The Parades the thing

No matter what event is held, one of the main highlights has to be the parade. In other words the parade is the thing. This is the main attraction that brings people into town and the Rotary Club in conjunction with the Kinsmen Club are hoping to stage one of the largest parades in the 10 year history of the Haliburton Winter Carnival.

The parade which will line up at the fairgrounds on Saturday afternoon at 2:00 p.m. will feature bands, floats, marching units and everything else that goes to make up a good parade.

We must admit that its not as easy to make up a good parade in the winter as it is in the summer, because during the winter months we never really know what the weather

Toquepic to be featured at this year's parade.

# School children have a week of events

This is Winter Carnival Week at Victoria Street School. While most of us have only one weekend to celebrate, Victoria Street students have a whole week to prepare and have fun before the events of the weekend.

Monday and Tuesday were marked with hay rides for all

children. They were bussed from the school and driven on the hay rides by Victor Hutchings.

Following the hay rides the students will be treated to hot dogs which we are sure they will enjoy.

Thursday and Friday the students will have time to

spend on the float that they are making for Saturday's Carnival parade, which has always been an imaginative and attractive entry in the past.

They will also work on preparing the hill on the school grounds for tobogganing on Saturday. Teachers

of the School will be at the hill on Saturday from 2:30 p.m. until 4:30 p.m. to supervise crazy magic carpet sliding for any children who would like some outdoor fun after the carnival parade. All are welcome.

If you will recall last year literally hundreds of adults and children were on hand for this afternoon of fun. We were on hand last year and what excitement arose when the students came down the hill on their magic carpets. As

we said before it's on again this year, so bring the kids to Victoria Street School. Mrs. Ruth Gorrie, principal of the school told The Echo that this year they have extra crazy carpets for those who will be coming, so that those who do not have their own will have the opportunity to pay a small rental fee and when the crazy carpet is returned you get your money back. It really sounds exciting. During this fun filled two hours from 2:30 p.m. to 4:30 p.m. the snack

bar will be open where you can purchase hot dogs, hot chocolate, soft drinks, coffee and donuts.

Carnival means celebration for everyone, and for those like the students at the school, who are really participating in the whole affair, it will be a great weekend.

## HHSES joins in Carnival Festivities

Students of grades four, five, six, seven and eight, will join in the Haliburton Winter Carnival, with festivities of their own.

There will be cross country skiing at Sir Sams, snow shoeing, downhill skiing, tobogganing, ice fishing and skating.

The grade eights have arranged for a trip to Carnarvon lanes for a day of bowling as well.

## Who will be our Carnival Queen?

The crowning of the 1978 Haliburton Rotary Winter Carnival Queen will take place at the High School on Friday night at the Teen Dance. Show above in the centre is last years' Carnival Queen Lou-Ann English with Linda Danvers a Rotary Exchange Student from Australia shown on the left was selected as one of the princesses and another princess Darlene Danilko of Minden is on the right.

The crowning of a carnival queen is always a very exciting event and this year

will be no exception. We wait in anticipation to see just who that beauty queen will be.

Each Senior grade at Haliburton Highlands Secondary School will select the contestant of their choice. From among these contestants the student body will then pick out three finalists. These three finalists will then be invited to the regular Rotary Club meeting this Thursday night and the members of the Rotary Club will then pick the Carnival Queen and the two princesses.

The Rotary Clubs' selection will be kept a secret right up until the Crowning of the Carnival Queen at the Teen Dance at the High School on Friday night.

## Lake Kashagawigamog Cross-Country Ski Map

# 10KM Ski Tour begins Saturday

The Club was formed in September 1967, with the aims of promoting cross country skiing and staging an annual, family-oriented ski event: The Haliburton Tour. The emphasis is on participation, not racing. This year the tour will be held on the Saturday of the Carnival weekend and will cover approximately 10 km. starting and finishing at Sam Slick Park opposite the high school. Last year nearly 100 skiers of all ages turned out for the first Haliburton Tour and all completed the distance without mishap.

Another major activity of

the Club this year has been the administration of grants from Canada Manpower, Wintario and the Ministry of Natural Resources. As a result there are several new trails, packed and groomed, begging all skiers to take to the bush. The largest and most challenging of these is known as the Jim Beef Trail which connects the Glebe Park ski trails to those developed by the Lake Kashagawigamog Tourist Association in the vicinity of Deer Lodge and PineStone Inn. These trails are open to the public and maps are available from the Ski Club, Chamber of

Commerce and members of the Lake Kashagawigamog Tourist Association.

The 1978 membership of the Ski Club is well over 200, including many families, commercial members and out of county residents. This year's executive consists of

President Blair Pierce, Vice President Stuart Baker, Secretary Al Oakley and Treasurer Kit Koehler. Plans for next year include lunch shelters on the trails, further trail expansion and two distances for the Haliburton Tour - one long and one short.

Cross country skiing is a popular event.

# Photo history of bygone Carnivals

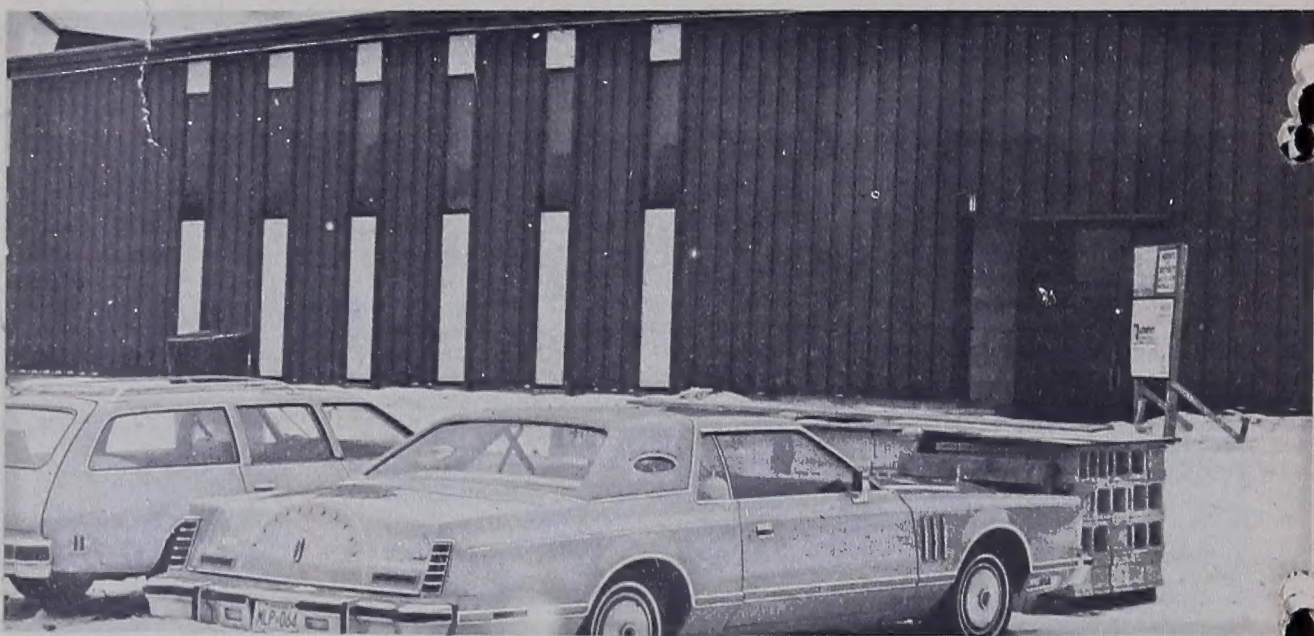

# 9th Annual Hiram Walker Spiel

In conjunction with the winter carnival the Haliburton curling club will once again be hosting the ninth annual Hiram Walker bonspiel.

The Haliburton Winter Carnival was organized in 1969 and in 1970 the Haliburton Curling club got involved in the carnival by organizing this popular event that has proved to be a success. This years event is going to be bigger than ever with 24 rinks competing for nine coveted trophies donated by the Hiram Walker distilleries.

This years event gets underway with 3 draws on Friday evening at 6 o'clock, eight and 10 p.m. There will be plenty of action all weekend as there are three rinks from Willowdale, Trenton, Minden, Penatung, Terrace Club Toronto, three Peterborough rinks and fourteen Haliburton rinks, competing for the nine prizes. So make it a date and head to the new curling club and tour the complex and enjoy some of that curling hospitality that the Haliburton club has been famous for many years.

The new Haliburton Curling Club

## Bake Sale to be held Saturday

For all you women who love to go to a Bake Sale you will have your opportunity on Saturday at 2:30 p.m. when the Highland Chapter of the Eastern Star will be holding a Carnival Bake Sale at Curry Motors Showroom on the main street in Haliburton.

This Bake Sale has always been a great success and this year should be no exception,

as local citizens and visitors alike will be on hand to look and buy all the goodies.

We understand that the Highland Chapter of the Eastern Star will have a wide selection of baked goods for sale, so if you get hungry or want to take something home for a treat then be on hand early before everything is sold out.

Murray Fearrey

On behalf of Dysart et al Council, Staff and Ratepayers it is my privilege to extend Greetings and Good Wishes. We welcome you to this our 1978 Haliburton Winter Carnival, as well we welcome you to our Municipality for this activity filled week-end.

We would like to take this opportunity to wish the Carnival every success as well I would like to personally commend the Haliburton Rotary and Kinsmen Clubs for their efforts, and trust that once again planning and hard work will result in a worthwhile reward.

For those visiting our Community for the first time we extend a special sincere welcome and we trust you have had an opportunity to sample our Hospitality that you will return again soon.

For those friends visiting our Carnival on a more frequent basis, we welcome you back and trust you will have a fun filled week-end. It is hoped that you will notice some of the changes since your last visit, such as our New Curling and Squash Club Facility, we are a growing Community and it is our utmost ambition and endeavour to provide first rate facilities with rounded activities that compliment the Four Seasons in the Heart of the Highlands.

So again Welcome to Haliburton, have an enjoyable weekend and come back soon.

Murray Fearrey,  
Reeve Dysart et al

## Ski-Doo® Yellow Tag Sale

Our famous annual sale is on again! With the best of winter yet to come, this is your chance to pick up Ski-Doo items at rock-bottom Yellow Tag prices. Participating dealers are offering accessories, clothing and snowmobiles — you'll be amazed at the savings. So come along and grab a bunch of Yellow Tags soon.

## EVEREST® 1978 by Ski-Doo®

**King  
of the hill.**

This is the one that stands above all the rest. And for 1978, Ski-Doo adds a new dimension in performance: The Everest 444L/C. The big Rotax engine is liquid cooled, the result of 5 years of R & D. Other wide-ski Everest models offer a choice of 440 or 340 fan cooled Rotax engines.

Standard on all models: Torque Reaction\* slide suspension for the best ride in the business. Instant Torque\* square-shaft drive pulley to transfer more of the Rotax power to the track with minimum wind-up. Electric start available, factory installed. When you see them, ask about our new Two-Season Warranty.

Climb on an Everest. Just because it's there.

# It's Carnival time...

and one of Haliburton's oldest residents, The Echo is taking part. The Echo has been part of the Haliburton way of life for over 94 years, sharing in the carnivals and the sorrows of the day to day life of Haliburton County.

The Echo has recorded the births, graduations, weddings and obituaries of the people of the county for a long time and has become a regular and much appreciated weekly visitor to most county homes. On its pages is printed the news of the county and in its advertisements Haliburtonians have found a means to become discerning shoppers.

And although The Echo is a senior citizen, its face is young, changing and growing with the needs of the readers.

This special edition is our way of participating in the carnival spirit. To all the participants and hard working organizers, we'll see you next week on the pages of The Echo.
